

SHAPING THE FUTURE OF FINANCIAL SERVICES
Advisory, Technology, Digital

Corporate Presentation | Q3 2019

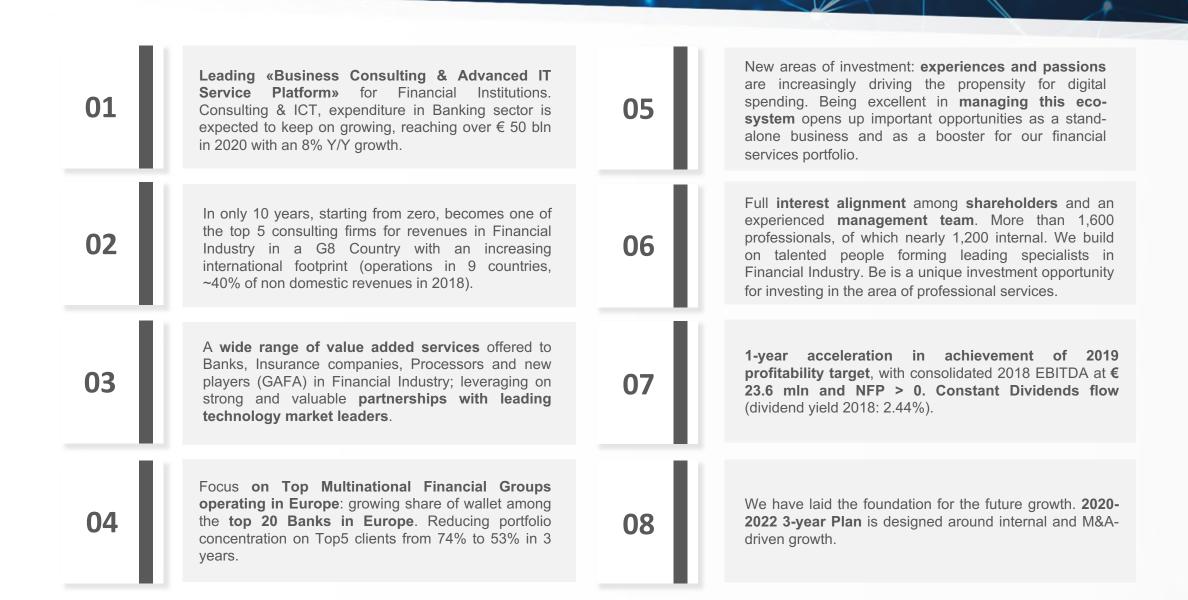

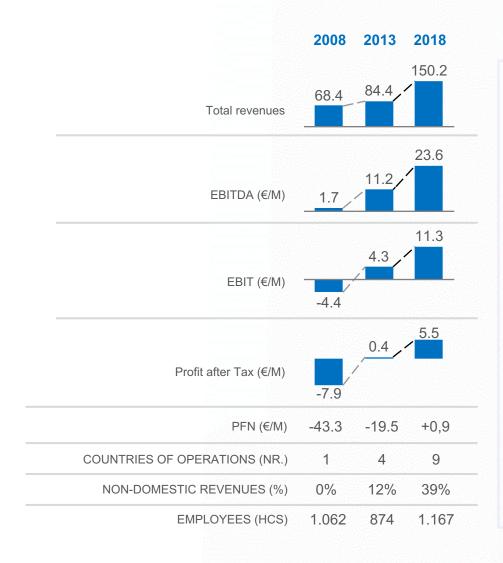

This presentation contains forward-looking statements regarding the timing and financial impact of Be SpA's ability to implement its business plan, expected revenues and future success. These statements involve a number of risks and uncertainties and are based on assumptions involving judgments with respect to future economic, competitive and market conditions and future business decisions, all of which are difficult or impossible to predict accurately and many of which are beyond BE SpA's control. Some of the important factors that could cause actual results to differ materially from those indicated by the forward-looking statements are general economic conditions, failure to achieve expected revenue growth, changes in our operating expenses, or legal developments, competitive pressures, changes in customer and market requirements and standards, and risk factors detailed from time to time in BE SpA's statutory filings, including without limitation, BE SpA's Annual Reports. The forward-looking statements in this press release are based upon management's reasonable belief as of the date hereof. BE SpA undertakes no obligation to revise or update publicly any forward-looking statements for any reason.
