On 6 November 2020, a total proportional spin-off of iFuture Power in Action S.r.l. in favour of Carma Consulting S.r.l. and Innishboffin S.r.l., companies respectively controlled by Carlo Achermann and Stefano Achermann, was stipulated.

On 16 November 2020, to account for the aforementioned spin-off, Stefano Achermann, Carlo Achermann, Carma Consulting S.r.l., Innishboffin S.r.l. and TIP finalised a shareholders' agreement, with the same content as the 2018 Agreement, considered relevant pursuant to art. 122 of the Consolidated Law on Finance, with a view to coordinating the possible exercise of the rights and the prerogatives of the parties acting as shareholders of Be, with duration of 3 years from the signing date (the **Shareholders' Agreement**).

More specifically, pursuant to the Shareholders' Agreement:

- (i) with a view to identifying the initiatives that are the most suitable and useful to enhance their investment in the Company, the Parties have decided to discuss this at meetings, which will be convened when deemed necessary, by one of the same, without prejudice to the opportunity for the Parties to meet whenever a Shareholders' Meeting has been planned;

- (iii) each Party has undertaken vis-à-vis the other Parties not to make purchases of additional Be shares with respect to the Syndicated Shares or other transactions or agreements of any nature or type, which would lead to a joint obligation of the Parties to make a public tender offer on Be's shares pursuant to the provisions of the law or regulations in force at the time.

The arrangements contained in the Shareholders' Agreement regarded 58,372,622 ordinary shares of the Company, corresponding to 43.272% of the Company's share capital.

h) Change of control clauses (pursuant to art. 123-bis, paragraph 1, letter h), of the Consolidated Law on Finance) and provisions of the Articles of Association regarding public tender offers (pursuant to articles 104,

Be and its subsidiaries are not parties, within the scope of their ordinary activities, to contracts that contain change of control clauses.

The provisions of the Articles of Association do not exempt the regulation of the passivity rule envisaged by art. 104, paragraphs 1 and 1-bis, of the Consolidated Law on Finance. Furthermore, the Articles of Association do not envisage the application of the neutralisation rules envisaged by art. 104-bis, paragraphs 2 and 3, of the Consolidated Law on Finance.

i) Delegations to increase share capital and authorisation to purchase treasury shares (pursuant to art. 123-bis, paragraph 1, letter m), of the Consolidated Law on Finance)

During the Financial Year, the Shareholders' Meeting has not delegated the Board of Directors to increase the Company's share capital.

Pursuant to article 7 of the Articles of Association, the Extraordinary Shareholders' Meeting - and therefore not the Board of Directors - may issue participatory financial instruments.

On 22 April 2020, the Shareholders' Meeting (i) revoked the resolution approving the purchase and disposal of treasury shares passed on 18 April 2019 and (ii) approved, on the proposal of the Board of Directors, and with the favourable opinion of the Board of Statutory Auditors, a plan for the purchase and sale, in one or more tranches, also on a rotating basis, of the Company's ordinary shares, up to the maximum number permitted by the Law (represented by a number of shares not exceeding 20% of share capital), also to be calculated on the basis of legislative and regulatory provisions in force at the time and the share capital existing at the time of each purchase, also considering the shares of Be that may be, on each occasion, held by the Company's subsidiaries and in any event within legal limits.

The authorisation was issued, as this is deemed to be a valid instrument, which will enable the Company to pursue the following objectives: (i) the sale and/or the exchange of treasury shares in view of and/or as part of agreements with strategic partners, which are part of the Company's growth plans; (ii) the performance of investment transactions consistent with the Company's strategic guidelines, also by means of the swap, exchange, contribution, transfer or any other deed of disposal of the treasury shares, for the acquisition of equity investments or share packages or other extraordinary transactions, including therein those relating to extraordinary funding, which imply the assignment or disposal of treasury shares (such as by way of example, mergers, spin-offs, issue of convertible bonds or warrants, etc.); (iii) the allocation (of all or part) of its treasury shares, at the discretion of the Board of Directors, to the implementation of incentive plans based on Be's shares for Directors and/or key employees of the Company or of the companies controlled by the same.

The authorisation was also issued to enable the Company - in the event that it is not necessary to use all of the treasury shares for which the purchase for the above-indicated purposes - to carry out measures to stabilise the Company's shares, in accordance with legislative and regulatory provisions in force, by facilitating trading of said securities at time of scarce market liquidity, and by encouraging regular trading.

The unit price for the purchase and disposal of treasury shares was established on a case by case basis for each transaction, taking into consideration the share capital and shareholders' equity, as well as the necessary flexibility for these types of transactions, as follows: (a) at a minimum price not less than 10% (ten percent) of the reference price that the stock will have recorded in the stock

market session of the day prior to the day in which each individual transaction takes place; (b) at a maximum price no greater than 10% (ten percent) of the reference price that the stock will have recorded in the stock market session of the day prior to the day in which each individual transaction takes place, without prejudice to (i) the power of the Board of Directors to establish, on each occasion, any further conditions, procedures and terms of the deed of disposal and that (ii) said price limit in the case of disposal will not apply to disposal measures other than the sale, and specifically in the event of the swap, exchange, contribution, transfer or other deed of disposal of treasury shares made as part of the acquisition of equity investments or the implementation of industrial projects or other extraordinary funding transactions, which imply the assignment or the disposal of treasury shares (such as by way of example, mergers, spin-offs, issue of convertible bonds or warrants etc.) or in the event of the assignment of the shares to directors and/or employees of the Company or of companies controlled by the same (for example, as part of incentive plans based on Be shares). In these cases, different criteria may be applied, in line with the objectives pursued and taking market practices, the instructions of Borsa Italiana S.p.A. and the recommendations of Consob into account.

The shares may be purchased up until the end of the eighteenth month from the date on which the Shareholders' Meeting resolved to approve the same.

The purchase transactions may be performed on the market, in one or more tranches, also on a rotating basis, in accordance with legal restrictions, on regulated markets in accordance with the *modus operandi* established in the regulations for the organisation and management of said markets and agreed with Borsa Italiana, which enable equal treatment of shareholders to be observed, pursuant to article 132 of the Consolidated Law on Finance (as subsequently amended and supplemented) and of art. 144-bis, paragraph 1, letter b), of the Issuers' Regulation, as well as in compliance with any other applicable legislation, or following a different procedure, where permitted by art. 132, paragraph 3, of the Consolidated Law on Finance, or by other legislative or regulatory provisions applicable at the time of the transaction. The purchase transactions may also be performed through the use of public tender offers or public exchange offers pursuant to art. 144-bis, paragraph 1, letter a) of the Issuers' Regulation, subject to a resolution of the Board of Directors in accordance with legislation in force.

Transactions to dispose of treasury shares purchased and held in the portfolio on each occasion, within legal limits, may be carried out at any time without time limits - with a view to pursuing the objectives illustrated above - even before the purchases, in one or more tranches, on the market, en bloc or through offers to shareholders and employees, to external staff and Directors have been exhausted, or as a consideration in the event of the swap, exchange, contribution, transfer or other deed of disposal of treasury shares made as part of the acquisition of equity investments or the implementation of industrial projects or other extraordinary funding transactions, which imply the assignment or the disposal of treasury shares (such as by way of example, mergers, spin-offs, issue of convertible bonds or warrants etc.) or as part of share-based incentive plans. The Company may carry out measures to stabilise the Company's shares, as well as intervene on the performance of the securities with regard to contingent market situations, by facilitating the trading of said securities at times of scarce market liquidity, and by encouraging regular trading. The Shareholders' Meeting also authorised the Board of Directors to establish on each occasion, in accordance with legislative and regulatory provisions, any other term, procedure and condition of the arrangements for the shares that is deemed to be most suitable.

At the Date of Reference, the Company held 6,906,805 treasury shares in the portfolio, representing 5.12% of share capital.

As at the date of approval of this Report, the Company holds 7,157,460 treasury shares, representing 5.31% of share capital.

At a meeting on 11 March 2021, the Board of Directors resolved to submit a proposal to renew the authorisation to purchase and dispose of treasury shares to the Shareholders' Meeting; in this respect, the Board specifically resolved:

- to revoke, for the portion not yet carried out, the resolution authorising the purchase and disposal of treasury shares, approved by the Shareholders' Meeting on 22 April 2020;

The purchase transactions may also be performed through the use of public tender offers or public exchange offers pursuant to article 144-bis, paragraph 1, letter a) of the aforementioned Consob Regulation 11971/1999, subject to a resolution of the Board of Directors in accordance with legislation in force;
 - that the unit price for the purchase and disposal of treasury shares will be established on a case-by-case basis for each day of operation, taking into consideration the share capital and shareholders' equity, as well as the necessary flexibility for these types of transactions, as follows: (a) at a minimum price not less than 10% (ten percent) of the reference price that the stock will have recorded in the stock market session of the day prior to the day in which each individual transaction takes place; (b) at a maximum price no greater than 10% (ten percent) of the reference price that the stock will have recorded in the stock market session of the day prior to the day in which each individual transaction takes place, without prejudice to (i) the power of the Board of Directors to establish, on each occasion, any further conditions, procedures and terms of the deed of disposal, that (ii) said price limit in the case of disposal will not apply to disposal measures other than the sale, and specifically in the event of the swap, exchange, contribution, transfer or other deed of disposal of treasury shares made as part of the acquisition of equity investments or

4. Board of Directors

5.1 Appointment and replacement (pursuant to art. 123-bis, paragraph 1, letter l), of the Consolidated Law on Finance)

The appointment and the replacement of Directors - as well as changes to the Articles of Association - are regulated by the law in force, as assimilated and integrated, to the extent permitted, by the provisions of the Articles of Association in accordance with legislative and regulatory provisions. The Issuer is not subject to any further rules with respect to the Consolidated Law on Finance as regards the composition of the Board of Directors.

Pursuant to art. 15 of the Articles of Association, the Company is managed by a Board of Directors comprised, alternatively, by 9 (nine), 11 (eleven) or 13 (thirteen) members, according to the resolution made by the Shareholders' Meeting at the time of appointment of the members of the Board of Directors. To this end, shareholders attending and eligible to vote at the Shareholders' Meeting will be given the opportunity to choose between the three possible compositions of the Board of Directors and the composition that has been voted by the highest percentage of ordinary share capital will be considered approved.

All Directors must meet the requirements of eligibility, professionalism and honourability envisaged by the law and by other applicable provisions. Pursuant to art. 147-ter, paragraph 4, of the Consolidated Law on Finance, at least two Directors must meet the requirements of independence requested therein. The Articles of Association do not envisage requirements of independence in addition to those established for statutory auditors pursuant to art. 148 of the Consolidated Law on Finance, nor requirements of honourability and/or professionalism for appointment to the position.

The Directors appointed must immediately inform the Company if they no longer meet the above-cited requirements of independence or honourability, as well as in the event of their ineligibility or incompatibility. The failure to meet the requirements of independence as defined above by a Director does not lead to the dissolution of the Board, if said requirements are met by a minimum number of Directors, who must meet them in accordance with the law in force or according to the Corporate Governance Code.

The Directors do not have to be shareholders and have a term of office of three financial years, ending on the date of the Shareholders' Meeting convened to approve the financial statements drawn up for the last financial year of their term of office. They may be re-elected.

The appointment of the Board of Directors is made by the Shareholders' Meeting on the basis of lists submitted by the shareholders, unless there are different and further provisions envisaged by mandatory laws or regulations.

A list for the appointment of Directors may be submitted by shareholders who, alone or jointly with others, at the time of registration of the lists at the registered office - which must be made at least twenty-five days before the date set for the Shareholders' Meeting convened to resolve on the appointment of the Directors - hold a shareholding corresponding to at least the minimum established by Consob pursuant to article 147-ter, paragraph 1, of the Consolidated Law on Finance.

Pursuant to art. 144-quater of the Issuers' Regulation, said shareholding is equal to:

- 0.5% of share capital for companies whose market capitalisation is greater than fifteen billion euro;
- b) 1% of share capital for companies whose market capitalisation is greater than one billion euro and less than or equal to fifteen billion euro; c) 2.5% of share capital for companies whose market capitalisation is less than or equal to one billion;

- 4.5% of share capital for companies whose market capitalisation is less than or equal to three hundred and seventy-five million euro if, on the reporting date for the year, the following conditions are met: a) the float is higher than 25%; b) no shareholder or shareholders belong to a shareholders' agreement envisaged by article 122 of the Consolidated Law on Finance which holds a majority of voting rights that may be exercised for resolutions of shareholders' meetings regarding the appointment of the members of management bodies.

The lists envisage a number of candidates that does not exceed 13 (thirteen), each of which corresponding to a consecutive number. Each list must contain and expressly indicate, with a consecutive number not exceeding nine, at least two Independent Directors pursuant to art. 147-ter, paragraph 4, of the Consolidated Law on Finance. Each list must also expressly indicate, if relevant, all Directors that meet the requirements of independence envisaged by the codes of conduct drawn up by the company which manages regulated markets or by trade associations. If mandatory criteria regarding gender are applicable, each list that includes at least three candidates must contain a number of candidates of the less-represented gender that is at least equal to the minimum required by the rule in place on each occasion.

The lists must also contain, even as appendices: (i) information relating to the identity of the shareholders that submitted them; (ii) exhaustive information on the personal and professional characteristics of the candidates; (iii) a declaration of the candidates containing their acceptance of the candidature and a statement that they meet the requirements of independence, where indicated as Independent Directors pursuant to art. 147-ter of the Consolidated Law on Finance or as Independent Directors pursuant to the above-cited codes of conduct. The ownership of the percentage of share capital required for the submission of the list is established on the basis of the shares that are registered in the name of the shareholder or, collectively of the shareholders, who has/have submitted the list on the day on which this is registered at the Company, with reference to the share capital subscribed at the same date. The relative statement may be sent to the Company also subsequent to the registration of the list as long as the Company receives it within the term envisaged for the publication of the lists by the Company.

The lists are made available to the public, by the Company, at the registered office, on the website and using other methods envisaged by the law and regulations in force, at least twenty-one days before the date of the Shareholders' Meeting on first and second call. The lack of one of the above-cited appendices or failure to submit the statement confirming ownership of the percentage of share capital required to submit the list will result in the inefficacy of the registration of the list, which will be considered as never having been submitted. In the event in which a number of lists are submitted, the same must not be related to one another in any way, even indirectly. Therefore, each shareholder may not submit or contribute to submitting more than one list, even through a third party or a trust company. Furthermore, shareholders that are considered as related pursuant to the applicable provisions of the law or of regulations in force at the time, may not submit or contribute to submitting more than one list. If these rules are infringed, the vote of the shareholder will not be taken into account for any of the lists submitted. A candidate may only appear on one list, otherwise he/she will be considered ineligible.

For the election of the members of the Board of Directors - also to ensure the election of the minimum number of Directors from the minority lists based on the requirements of art. 147-ter, paragraph 3, of the Consolidated Law on Finance - the procedure is as follows:

- (a) if only one list is submitted, the members of the Board of Directors will all be taken from said list;
- (b) if two or more lists are submitted:
 - i. from each of the lists (the **Other Lists**) that have obtained, respectively, the second, the third and the fourth highest number of votes, as long as not related in any way, even indirectly, between them and/or with the list that obtained the highest number of votes (the **Majority List**), the candidate indicated with the first number of each of the Other Lists will be extracted,

it being hereby understood that in this way a number of Directors of between a minimum of one (if only two lists are submitted) and a maximum of three (if four or more lists are submitted) will be extracted;

- ii. the remaining members of the Board of Directors will be extracted from the Majority List, the number of which was previously established by the Shareholders' Meeting; within these numerical limits, the candidates indicated on the list in consecutive order will be elected.

In the case of equal votes between one or more lists, in order to establish the ranking of the same lists, the Shareholders' Meeting will vote again, voting only on said lists.

For the purpose of the above, the highest number of votes means the votes that represent the highest number of shares.

The Articles of Association therefore do not envisage (based on that permitted by art. 147-ter, paragraph 1 of the Consolidated Law on Finance) that, as regards the distribution of the Directors to be elected, lists that have not achieved a percentage of votes corresponding to at least half of that required by the Articles of Association for the submission of the same, are not considered.

In order to ensure that the distribution of the Directors to be elected is made in accordance with gender requirements, the following mechanism is applied:

- (a) in place of the last candidate of the more-represented gender on the Majority List, the next candidate of the less-represented gender of the same list will be considered elected, or if this is not possible and in any event if this is not sufficient to ensure compliance with the minimum quorum of the less-represented gender;
- (b) in place of the candidate that belongs to the more-represented gender taken from the first of the Other Lists, the first candidate of the less-represented gender according to the consecutive order not elected from said Other List will be considered elected.

If said procedure does not guarantee the above-indicated result, the replacement will be made on a resolution of the Shareholders' Meeting by a majority vote, following the submission of candidates belonging to the less-represented gender.

To guarantee the election of the minimum number of independent Directors based on the requirements of art. 147-ter, paragraph 4, of the Consolidated Law on Finance, if one or more independent Directors are lacking, they will be elected as follows:

- (a) in place of the non-independent candidates taken from the Majority List as last in consecutive order, the first independent candidates that have not been elected from the same list will be elected, or if this is not possible and in any event if this is not sufficient to ensure the election of the required number of Independent Directors;
- (b) in place of the non-independent candidate taken from the first of the Other Lists, the first independent candidate according to the consecutive order not elected from said list will be considered elected.

This replacement procedure will continue until such time as Board of Directors is comprised by a number of Independent Directors corresponding at least to the minimum envisaged by the law, or by regulations, instructions or codes of conduct drawn up by the company that manages the market in which the company's shares are admitted, to which the company is obliged or to which the company declares to observe. If said procedure does not guarantee the latter indicated result, the replacement will be made on a resolution of the Shareholders' Meeting by a majority vote, following the submission of candidates that meet the cited requirements.

With regard to the replacement of Directors, article 15 of the Articles of Association envisages that if during the year, one or more of the Directors leaves the Board, as long as the majority is comprised by

Directors appointed by the Shareholders' Meeting, the provisions of art. 2386 of the Italian Civil Code will be applied as follows:

- (a) the Board of Directors will proceed with the replacement based on those belonging to the same list as the departed Director and the Shareholders' Meeting will resolve, by the legal majority, respecting the same criteria;
- (b) if there are no unelected candidates remaining on the afore-mentioned lists or there are no candidates with the requirements requested, or in any event, if for some reason it is not possible to meet the provisions of letter (a), the Board of Directors will provide for the replacement, and the Shareholders' Meeting will subsequently resolve, on a legal majority, without list votes.

In any event, the Board of Directors and the Shareholders' Meeting will provide for the appointment in order to ensure the presence of a number of Independent Directors corresponding at least to the minimum envisaged by the law, or by regulations and relative *pro tempore* instructions in force or codes of conduct drawn up by the company that manages the market in which the company's shares are admitted, to which the company is obliged or to which the company declares to observe, without prejudice to the requirement for gender equality, as indicated above, where required by legislative or regulatory provisions in force at the time.

If there is no longer a majority of Directors, the entire Board of Directors will be considered dissolved, and will be re-established according to the procedure envisaged by article 15 of the Articles of Association.

The Board of Directors elects a Chairman from its members, which must be one of the members of the Board taken from the Majority List, pursuant to article 15 of the Articles of Association, and the terms of office of the same will be the full term of office as Director.

Succession plans

During the meeting held on 29 March 2021, the Board of Directors unanimously acknowledged that at present, despite a plan for succession of the Executive Directors not yet having been approved, the replacement procedures adopted by the Company are suitable to ensure the continuity of business management, also in consideration of the existence of mechanisms within the Group that envisage global growth bonuses in favour of particularly key resources within the Group, upon achievement of specific results, with a view to developing said resources.

Diversity criteria and policies

The Issuer applies diversity criteria to the Board of Directors regarding aspects such as age, gender and their educational and professional backgrounds.

More specifically, the Board is comprised of 2 executive Directors and 7 non-executive Directors, 6 of which are independent.

The less-represented gender represents 44.44% of the total number of Board members.

The average age of the Directors is as follows: 11.1% between 31 and 40, 33.4% between 41 and 50 and the remaining 55.5% over 50.

The diversity of the professional profiles and educational backgrounds of the Directors (illustrated above) ensure the Board the expertise needed to manage the Company.

On 5 March 2019, following the recommendations of the Previous Code and the letter of the Chairman of the Corporate Governance Committee, Be adopted a specific policy on diversity pursuant to art. 123-bis, paragraph two, letter d-bis), of the Consolidated Law on Finance, through implementation of a policy on diversity for the composition of the management bodies that seeks to guarantee the smooth operation of the Board of Directors by regulating its composition and envisaging that the members of the same possess the personal and professional requirements that guarantee the highest level of diversity and expertise. This policy promotes corporate social responsibility to the extent to which inclusion, integration and non-discrimination may contribute to removing obstacles to economic and social order that restrict individual freedom, in application of the principle of equality.

The Be Group perceives diversity as a strength which enables it to establish corporate bodies that include different values, perspectives, expertise and ideas with a view to encouraging and enriching debate.

The aspects of diversity considered by the Be Group regard in particular gender, age and professional diversity.

The policy on diversity for the composition of the management bodies is available on the Company's website www.be-tse.it.

Maximum number of positions held in other companies

With regard to that envisaged by Application Criterion 1.C.3 of the Previous Code, as well as the provisions of Recommendation no. 15 of the Corporate Governance Code as regards the opinion of the Board of Directors as to the maximum number of positions as director or statutory auditor in listed, financial, banking or insurance companies, or in companies of a relevant size, note that the Board has not adopted any general criteria, but has made an assessment of the compatibility of the above-indicated positions with the assignments entrusted to the respective directors by Be and has issued a positive opinion, retaining that said positions are compatible with the efficient performance of the role assigned to each individual Director, also taking into account their participation in the committees established within the Board.

Induction Programme

The Chairman of the Board of Directors has organised that, after their appointment, Directors may take part in initiatives with a view to providing them with an adequate understanding of the business sector the Issuer operates in, of business dynamics and their evolution, of the principles of good risk management as well as of the legislative and self-regulatory framework of reference.

In particular, an information session was scheduled in March 2021, with approximately 12 meetings in webinar mode planned during 2021. Furthermore, with a view to maintaining said knowledge and

understanding, the Directors receive the necessary information and updates on the above-mentioned topics whenever necessary.

5.3 Role of the Board of Directors (pursuant to art. 123-bis, paragraph 2, letter d), of the Consolidated Law on Finance)

The point of reference for the company's organisation is the Board of Directors, which is functionally responsible for strategic and organisational matters and for ensuring that the necessary controls are in place to monitor the Company's performance.

Conduct of Board Meetings

The Board of Directors is convened by the Chairman, or in the event of his absence or impediment, by the Managing Directors, where appointed, periodically or at any time it is considered appropriate or on the request of at least 2 Directors. The Board of Directors may also be convened, after notifying the Chairman of the Board of Directors, by at least 2 Statutory Auditors. The Board is convened by a notice that must be sent to Directors and Statutory Auditors at least 7 days before the meeting, containing a brief indication of the items to be discussed. For urgent matters, the term may be shorter, but never less than 2 days. Meetings are convened in accordance with the terms above, by sending a registered letter, telegram, fax or e-mail message to each Director and Standing Auditor, with confirmation of the receipt of the notice of call. If a notice of call is not sent, a Board meeting is legitimately held with the presence of the majority of its members and the majority of the members of the Board of Statutory Auditors, only on condition that all members of the Board of Directors and of the Board of Statutory Auditors with a right to attend have been informed of the meeting and of the items on the agenda and any absent members have communicated in writing, by letter, fax, e-mail message or other suitable means, that they will not oppose the discussion of the items on the agenda.

Meetings of the Board of Directors may be held also by video or tele-conference, on condition that this is noted in the notice of call and on condition that all attendees can be identified, are able to follow the discussion and to intervene in real time and that examining documents and passing resolutions is guaranteed to take place at the same time.

The organisation of the meeting is entrusted to the Chairman, who ensures that sufficient time is dedicated to the items on the agenda to enable constructive debate, encouraging, during the meetings, contributions by Directors.

The Chairman of the Board of Directors and the Chief Executive Officer work (i) to ensure that the documentation relating to the items on the agenda are made aware to the Directors and the Statutory Auditors a reasonable amount of time before the date of the meeting, so that the same can take part in an informed discussion on the items that have been submitted for their examination and approval, and adopting procedures to ensure the confidentiality of the data and the information provided and (ii) to take any need for confidentiality and price sensitivity relating to several topics into due consideration.

The completeness and timeliness of information provided prior to a meeting of the Board of Directors is guaranteed by: (i) sending a notice of call containing a brief indication of the items to be discussed at least 7 days before the meeting, in the majority of cases, and at least 2 days before the meeting in urgent cases, in accordance with that envisaged by the Articles of Association; (ii) involving the relevant company offices that manage and coordinate the preparation of the documents relating to the items contained on the agenda, which is sent at least 2 days before the

date of the meeting, except in urgent cases, in which case the Chairman ensures that adequate in-depth information is provided at the board meeting in question.

The Board of Directors decided not to set a specific term for the availability information prior to a Board Meeting, retaining that the procedures and the time periods recorded for the submission of said documentation during the FY were adequate and that the information provided prior to Board Meetings was, also considering that the same was supplemented during the same, adequate and exhaustive.

Board meetings are held with the participation of the Board secretary, as well as, where retained appropriate, corporate functional heads and external consultants involved in the items on the agenda, with a view to providing all Directors with the in-depth analysis needed to acquire adequate information on the Company's operations. Parties external to the Board may also attend Board meetings, if invited. In this regard, note that during the Financial Year, on the invitation of the Chairman, the Executive in charge of preparing the company's accounting documents, the Head of the Internal Audit function, the head of the Group's "Strategic Planning" division, the Group Legal Counsel, the head of the Investor Relation function, as well as other parties who have contributed to providing greater detail on the items on the agenda, as well as the Board of Statutory Auditors, attended the meetings of the Board.

On 29 March 2021, the Board of Directors appointed Massimo Leopizzi, Group General Counsel, as secretary of the Board, in line with the provisions of art. 3, Recommendation no. 18, of the Corporate Governance Code.

In 2021, the Board of Directors will adopt its own regulations, in line with the provisions of art. 3, Principle IX and Recommendation no. 11, of the Corporate Governance Code. Among other things, these regulations will define the competences and powers of the Secretary of the Board.

Frequency of Board Meetings

In the Financial Year, the Board held 10 meetings, regularly attended by the Directors. More specifically, given a total attendance percentage of 90% and an attendance of Independent Directors of 88.8%, the attendance percentage of each Director was as follows: (i) 90% for Carlo Achermann; (ii) 90% for Stefano Achermann; (iii) 100% for Claudio Berretti; (iv) 90% for Claudio Roberto Calabi; (v) 100% for Francesca Moretti; (vi) 80% for Gianluca A. Ferrari; (vii) 100% for Lucrezia Reichlin; (viii) 90% for Cristina Spagna; and (ix) 80% for Anna Maria Tarantola³.

All meetings were convened in accordance with the articles of association. The meetings held during the FY lasted an average of approximately 58 minutes.

In the current financial year, 2021, at the date of this Report, 3 meetings of the Board in Office have already taken place and a further 4 meetings are planned.

Powers awarded

To exercise the functions for which it is exclusively responsible for, and listed in art. 1 of the Previous Code, as well as art. 1 of Recommendation no. 1 of the Corporate Governance Code, and for the ordinary and extraordinary management of the Company, the Board of Directors is awarded, under art. 17 of the Articles of Association, the widest and unlimited powers for the ordinary and extraordinary management of the Company, with the sole exclusion of resolutions which the law reserves to the Shareholders' Meeting.

³ The % indicated for board members Lucrezia Reichlin, Francesca Moretti and Anna Maria Tarantola are calculated on a different number of meetings with respect to the other members of the BoD (specifically five instead of ten). This is because these individuals were appointed with resolution by the Shareholders' Meeting of 22 April 2020 and therefore could not attend the BoD meetings prior to said date.

As the matters set forth in art. 1.C.1 of the Previous Code, as well as pursuant to Recommendation no. 1 of the Corporate Governance Code, cannot be delegated to the Chief Executive Officer, they are considered to be reserved to the scope of the Board of Directors. By way of example, the following are considered to be reserved to the Board of Directors:

- a) the examination and approval of the strategic, business and financial plans of the Issuer, as well as the periodic monitoring of their implementation;
- b) the examination and approval of the strategic, business and financial plans of the Group, as well as the periodic monitoring of their implementation;
- c) the definition of the system of corporate governance of the Issuer;
- d) the definition of the structure of the Group.

Pursuant to art. 17 of the Articles of Association, the Board of Directors also has the following faculties:

- (i) the decision to merger in the cases set forth in articles 2505 and 2505-bis of the Italian Civil Code;
- (ii) the opening and the closing of secondary offices;
- (iii) the reduction of the share capital if a shareholder withdraws;
- (iv) the amendment of the Articles of Association to legislative provisions;
- (v) the transfer of the registered office within the Province;
- (vi) policy-making and periodically checking the adequacy and the effective functioning of the internal control system, ensuring that the main company risks have been identified and are adequately managed;
- (vii) examining and approving related party transactions, as defined by IAS 24 and by Attachment 1 to the Consob RPT Regulations.

In accordance with the resolution of the Board at a meeting held on 22 April 2020, and pursuant to art. 2381 of the Italian Civil Code, without prejudice to the power awarded to the Chairman and to the CEO, on joint signature, to take measures that are the responsibility of the Board of Directors, if the same are urgent, in the Company's interest, with the obligation to report back to the Board of Directors at the next meeting of the same, the Board of Directors has exclusive powers relating to the following:

1. the approval of strategic and organisational policies for the company (including therein plans, programmes and budgets);
2. agreements with operators in the same business, other domestic or foreign companies or groups, of strategic relevance beyond standard operations;
3. share capital increases, incorporation, transformation, requests for the Company's shares to be admitted to trading in specific stock market segments, mergers, spin-offs, liquidations, entering into shareholder agreements, relating to direct subsidiaries;
4. the purchase, exchange and sale of real estate, as well as leases for a term exceeding nine years;
5. financial sale or purchase transactions, medium and long term, exceeding Euro 5,000,000 per transaction;
6. issue of guarantees for amounts exceeding Euro 5,000,000 per transaction;

7. acquisition and disposal, also through the exercise or waiver of option rights, assignment, usufruct, pledges and any other conveyance, also as regards joint ventures, relating to equity investments in companies or subjecting the same investments to restrictions;
8. sale, assignment, rental, usufruct and any other conveyance, also as regards joint ventures, or subjecting the company or divisions of the same to restrictions;
9. concluding, amending, settling, permitting novation, renewing, extending (also tacitly), reaching agreement on any dispute regarding payables exceeding Euro 1,500,000 per year;
10. hiring, transferring, suspending and dismissing executives whose annual gross salary exceeds Euro 400,000.00, establishing the conditions, qualifications, category and level, determining remuneration, fees and awards.

The validity of the resolutions of the Board of Directors are subject to the provisions of art. 2388 of the Italian Civil Code, without prejudice to the fact that resolutions on the following topics:

- (i) any matter regarding investments and/or disinvestments for an amount exceeding Euro 10,000,000 or, if lower, to an amount corresponding to 20% of the Company's Statement of Financial Position assets, as stated on the last approved financial statements;
- (ii) approval of the Company's budget and business plan (which must include the plan of investments and the financial plan);
- (iii) proposals for amendments to the Articles of Association, to be submitted to the Shareholders' Meeting, will be adopted as valid with the favourable vote of a number of Directors corresponding to the number of Directors in attendance minus 1 (one) person.

Activities performed

The following paragraphs illustrate the activities performed by the Board during the FY, in accordance with that envisaged by the applicable legislative and regulatory provisions, including those of the Previous Code, as well as those contained in the Corporate Governance Code:

- (i) examined the overall performance of the Group's operations, the quarterly results, the general policies relating to human resource management, significant transactions, related party transactions, taking into consideration the information received from delegated bodies and comparing the results recorded with those planned;
- (ii) received continuous information on the process of the preparation of the non-financial statement set forth in Italian Legislative Decree 254/2016, and made the appropriate decisions in this regard;
- (iii) examined and approved transactions - considered significant from a strategic, economic or equity perspective for the Issuer - of the Issuer and its subsidiaries, unless a decision has been taken that gives the Board of Directors of the Issuer sole power to resolve upon transactions of the Issuer or of its subsidiaries considered significant from a strategic, economic, equity or financial perspective for the Company.

The Issuer decided not to establish specific criteria to identify transactions that are considered significant from a strategic, economic, equity or financial perspective for the Company itself, as said criteria are established individually for each of the transactions at the time the same are approved. If the Company intends to perform significant transactions, the CEO presents a summary of the analyses conducted in terms of strategic coherence, economic feasibility and expected return for the company to the Board of Directors.

At the meeting held on 11 March 2021, the Board positively assessed the substantial adequacy of the organisational, administrative and accounting structure of the Issuer and its subsidiaries, also with specific reference to the ICRMS after obtaining the opinion of the Control and Risk

Committee, and also on the basis of assessment made by the Company's Head of the internal audit function. The assessment of the administrative and accounting structure was also conducted on the basis of feedback from management at the Group's subsidiaries.

At the cited meeting of 11 March 2021, the Board also conducted a self-assessment of the functioning of the Board itself and of its Committees pursuant to Application Criterion 1.C.1 letter g) of the Previous Code, as well as in accordance with principle V and art. 4, Recommendation no. 21 of the Corporate Governance Code. This assessment process was conducted in March 2021, regarded Financial Year 2020 and was made by means of a questionnaire distributed to all Directors, with the assistance of the Law Firm Orsingerh Ortu Avvocati Associati, which provided support to the Issuer for the performance of the corporate governance activities of the same.

The self-assessment questionnaire was organised into different sections (i.e.: (i) the size, composition and functioning of the Board; (ii) the size, composition and functioning of committees within the Board; (iii) communication between the Board and top management - induction programme; (iv) corporate governance and risk governance) with regard to which Directors were asked to make evaluations regarding, inter alia, (a) the efficacy of functioning of the Board, considering, in particular the contribution of the Board of Directors to drawing up strategic plans and monitoring the performance of operations, on the adequacy of the ICRMS, (b) the adequacy of the composition of the Board, in regard to the competences and the diversity aspects and, in general (c) topics with relation to which the Corporate Governance Committee - in a letter sent by its Chairman to all listed companies - requested that issuers better implement the recommendations contained in the Corporate Governance Code. More specifically, these topics regarded: (a) pre-meeting information; (b) the application of the independence criteria recommended by the Corporate Governance Code; (c) assessment of the board's contribution to definition of the strategic plans; (d) board reviews; (e) the timeliness and completeness of activities in regard to the appointment and succession of Directors; (f) the remuneration of executive Directors.

Said questionnaire also gave the opportunity to make suggestions and comments, and once completed by all Directors, the Board shared the results in the aforementioned meeting on 11 March 2021. The responses to the questionnaire showed that a large majority of the Directors described a positive framework, and offered suggestions for improvements.

More specifically, from the results of the self-assessment process, the following should be noted:

- (i) the size and composition of the Board was assessed as positive, as well as the quantitative and qualitative profile of the same; in this regard, the composition of the Board in terms of the weighting of the different components (executive, non-executive and independent) and professionalism was assessed as positive; the diversity aspect (with reference to gender, age and managerial expertise of the Directors) was also considered positive;
- (ii) the functioning of the Board was considered positive, with reference in particular to the frequency, level of attendance and duration of meetings; nevertheless the area for partial improvement was found to be pre-meeting information and specifically it was suggested that the documentation for meetings of the Board of Directors should be made available sufficiently in advance so as to allow the Directors to make a careful assessment of the topics on the agenda;
- (iii) the information flows between the Board of Statutory Auditors and Company functions were considered to be satisfactory;
- (iv) the duration of the meetings of the Board and of the Board committees was considered fully adequate; with specific regard to Board meetings, the same were also considered as balanced between management presentations and board debate;

- (v) the organisation of the currently-envisaged board committees (Control and Risk Committee and Appointments and Remuneration Committee) was retained satisfactory, and the composition of the same was assessed as positive in terms of the skills and professional experience represented, which enables the contribution made in specific areas of expertise to be appreciated, and ensures the prompt and correct performance of the tasks asked of the same;
- (vi) the functioning of the committees was assessed as positive with regard to its operation and the information provided to the Board;
- (vii) the information provided by the Chief Executive Officer to the Board of Directors was considered adequate, as well as the efforts made by the Chairman to encourage significant discussion within the board;
- (viii) the Board also appreciated the initiatives taken to encourage the widest attendance possible of shareholders at Shareholders' Meetings and to facilitate the exercise of shareholders' rights and the role of the Board in drawing up strategic plans and in monitoring the performance of the Company's operations;
- (ix) the remuneration policy adopted by the Company for the executive directors was considered to be sufficiently clear and complete, and the opportunity to strengthen the connection between variable remuneration and long-term performance objectives including, where relevant, non-financial parameters, was highlighted;
- (x) the opportunity to assign to a board committee specific functions with regard to sustainability in order to support the Board was highlighted.

The opinions of all Directors (including those of independent Directors) were generally aligned to one another.

At the date of this Report, the Shareholders' Meeting has not authorised departures from the non-competition clause envisaged by art. 2390 of the Italian Civil Code.

Information to the Board

At least every quarter, the Chief Executive Officer provided adequate information to the Board of Directors on the general performance of operations and on its foreseeable outlook, as well as on significant transactions, in terms of size or characteristics performed by the Company and its subsidiaries.

At meetings of the Board of Directors, the Directors reported to the Board of Statutory Auditors promptly, and at least every quarter, on the activities performed and on transactions considered significant from an economic, financial and equity perspective, performed by the Company and by subsidiaries, with a view to enabling the Board of Statutory Auditors to assess whether the transactions approved and set in place are compliant with the law and with the Articles of Association and are not manifestly imprudent or go against the resolutions passed by the Shareholders' Meeting, or are such that they compromise the integrity of shareholders' equity.

More specifically, the Directors report on transactions in which they have an interest, on their own behalf or on behalf of third parties and on any atypical, unusual or related party transactions.

5.5 Other Executive Directors

At the Date of Reference, in addition to the CEO and the Chairman, no other Directors have been awarded powers.

5.6 Independent Directors

Pursuant to the combined provisions of articles 147-ter, paragraph 4 and 148, paragraph 3 of the Consolidated Law on Finance, and with that envisaged by art. 2.2.3, paragraph 3, letter m) of the Stock Market Regulations and by art. IA.2.10.6 of the Stock Market Regulation Instructions, as well as in compliance with the recommendations of the Previous Code and the Corporate Governance Code, the Board of Directors currently has 6 Independent Directors, namely Gianluca A. Ferrari, Claudio Roberto Calabi, Cristina Spagna, Lucrezia Reichlin, Anna Maria Tarantola and Francesca Moretti.

On their appointment, the Independent Directors stated that they meet the requirements of independence envisaged by art. 148, paragraph 3 of the Consolidated Law on Finance, article 3 of the Previous Code and art. 2 Recommendation no. 7 of the Corporate Governance Code. The elected Directors have stated their suitability to be considered independent and have undertaken to maintain said independence for the duration of their term in office and, if they no longer meet said requirements, to resign. At the time of approval of this Report, the Board of Directors renewed its request to the Directors in question to confirm that they meet the requirements envisaged by the Consolidated Law on Finance and by the Corporate Governance Code. The Board of Directors and the Board of Statutory Auditors then respectively check the content of these statements and the correct application of the requirements and of the aforementioned procedures.

The procedure followed by the Board to verify independence envisages that the Director states that said requirement is met at the time his/her candidature is submitted, as well as at the time the appointment is accepted, and that it is subsequently confirmed by the Board of Directors. The Board decided that the information aspects requested of the Independent Directors at the time of their acceptance of office, through the completion of a specific form at the time of the signature of the statement of independence (which must be updated at least once a year), were sufficiently analytical to enable the Board to make the appropriate assessments as to the fulfilment or otherwise of the requirement. For the purpose of said assessments, the Board of Directors looks at the business, financial and professional relation held directly and indirectly by the Director with the Company, evaluating its significance both in absolute terms and with regard to the economic-financial situation of the interested party. To this end, relations which, although not significant from an economic perspective, are of particular importance for the prestige of the interested party, were also taken into consideration.

The Board of Directors and the Board of Statutory Auditors verified whether the independence requirements of the cited Directors had been fulfilled, as soon as possible after their appointment, also on the basis of the statements released by the same pursuant to art. 148 of the Consolidated Law on Finance, applying, *inter alia*, all of the criteria envisaged by the Previous Code, as well as based on the provisions of the Corporate Governance Code.

More specifically, at a meeting held on 11 March 2021, the Board of Directors provided for the appropriate checks to be made regarding the independence requirements of each Independent Director, also based on the information provided by the interested party. The outcome of said assessments was announced to the market in a press release dated 11 March 2021, available on the Issuer's website www.be-tse.it.

On this occasion, the Board of Statutory Auditors confirmed that it had conducted all of the necessary checks regarding the correct application of the assessment procedures adopted by Board of Directors to assess the independence of its members. The results of these checks were included in the report of the Board of Statutory Auditors to the Shareholders' Meeting pursuant to art. 153 of the Consolidated Law on Finance, to which the reader should refer.

The Independent Directors met during the year in the absence of the other Directors, at meetings of the Control and Risk Committee and of the Appointments and Remuneration Committee, of which the same are members, as well as at a meeting convened *ad hoc*, separate and different to the meetings of the Board committees, in line with that envisaged by Application Criterion 3.C.6 of the Previous Code, as well as with the provisions of art. 2, Recommendation no. 5 of the Corporate Governance Code, during which several areas for improvement were noted, related, for example, to greater knowledge of the business areas in which the Issuer and the Be Group companies operate.

5.7 Lead Independent Director

Pursuant to Application Criterion 2.C.3 of the Previous Code, the Board of Directors appointed an independent director as Lead Independent Director, in the following cases: (i) if the chairman of the board of directors was the chief executive officer; or (ii) if the post of chairman was held by a person who controls the issuer.

As none of the requirements set forth above are met, the Board did not appoint a Lead Independent Director in FY 2020.

Pursuant to art. 3, Recommendation no. 13 of the Corporate Governance Code, the Board of Directors must now designate an independent director as Lead Independent Director even in cases where the Chairman of the Board of Directors has significant management powers.

The Chairman of the Board of Directors Carlo Achermann has management powers and, therefore, during 2021, the Board of Directors will appoint the role of Lead Independent Director in accordance with the provisions of the Corporate Governance Code.

5. Treatment of company information

The Company has adopted procedures for the internal management and external communication of documents and information regarding the Issuer, with particular reference to the privileged information set forth in the MAR.

More specifically, the Issuer has adopted:

- (i) the procedure for the internal management and communication to the public of privileged information (the **Privileged Information Procedure**), in compliance with the provisions set forth, *inter alia*, in the MAR, in Implementing Regulation (EU) 347/2016 of the Commission regarding lists of persons with access to the privileged information set forth in art. 18 of the MAR and in Commission Implementing Regulation (EU) 1055/2016, which establishes the technical standards for implementation as regards the technical tools for the adequate communication to the public of privileged information and to delay the communication to the public of privileged information and the provisions set forth in the Commission Implementing Regulation (EU) 347/2016, approved by the Board of Directors of Be at a meeting held on 7 July 2016, later amended on 10 November 2016 and most recently on 18 December 2019;

- (ii) the internal procedure for internal dealing (the **Internal Dealing Procedure**), in compliance with art. 114, paragraph 7 of the Consolidated Law on Finance and the relative regulatory implementing provisions, which reflect the provisions regarding transactions performed by persons who exercise management, control and supervisory functions of the Company set forth in art. 19 of the MAR, Delegated Regulation (EU) 522/2016 of 17 December 2015, Implementing Regulation (EU) 523/2016 and Consob Communication no. 0061330 of 1 July 2016, approved by the Board of Directors of Be, held on 7 July 2016, later amended on 10 November 2016, 11 May 2017 and most recently on 18 December 2019.

The Privileged Information Procedure seeks to regulate: (a) the management and the treatment of privileged information regarding the Company and its subsidiaries; as well as (b) the procedures to follow for the communication of this information internally and externally to the company. The Privileged Information Procedure establishes the tasks and the responsibilities of the functions involved, identifies criteria, procedures and the timing of the different procedural stages, established the appropriate levels of decision-making for the circulation of announcements and of information, dictates to this end provisions addressed to providing an exhaustive and timely flow of information within the companies that are part of the Group, as well as between the same and the Issuer, with a view to complying with disclosure obligations, regarding price sensitive matters, vis-à-vis the market and the bodies that control the market.

The Internal Dealing Procedure envisages that a series of relevant parties are subject to a market disclosure obligation as regards transactions performed on the listed financial instruments issued by the Company. The Internal Dealing Procedure envisages thresholds and terms for communication to the market and relative penalties in line with that established by applicable legislative provisions on the matter, and therefore also contains a provision regarding the so-called black-out periods.

A copy of the Privileged Information Procedure and of the Internal Dealing Procedure is published on the Company's website in the Investor Relations/Corporate Governance section (<https://www.be-tse.it/it/investors/sistema-di-governance>).

6. **Board Committees (pursuant to art. 123-bis, paragraph 2, letter d), of the Consolidated Law on Finance)**

In compliance with the provisions of the Corporate Governance Code, the Board of Directors has established two internal committees: the Control and Risk Committee and the Appointments and Remuneration Committee.

The Appointments and Remuneration Committee performs the committee functions for appointments, as well as the committee functions for remuneration, and was established in accordance with the conditions envisaged by the Corporate Governance Code. This decision was taken on the basis of the Company's organisational requirements, the functioning and the size of the Board of Directors⁴.

There are no Committees with less than 3 members and the work of the same is coordinated by a Chairman. The tasks and the rules of functioning of each Committee are contained in a regulation

⁴ The Board of Directors decided not to establish an internal committee for proposals of appointment alone, as to date it has not encountered the need for this, and believes that combining the functions of appointing and remunerating Directors in a single committee is more efficient.

approved by the Board of Directors. Each Committee may hold its meetings also in audio/video conferences, and its organisation is assisted by a specific corporate function. Minutes of the meetings of the individual Committees are drawn up by the secretary of the Committee. Each Committee reports periodically to the Board of Directors on the activities performed by the same.

The Committees represent a part of the Board of Directors, whose objective is to offer advice and make proposals, with a view to improving the functioning and the policy-making ability of the Board of Directors.

On the Date of Reference, there were no additional committees to those recommended by the Corporate Governance Code.

Composition and functioning

In accordance with the provisions of art. 2.2.3, paragraph 3, letter n) of the Stock Market Regulations, applicable to issuers with shares traded on the MTA (electronic stock market), STAR Segment, as well as in compliance with the provisions of the Corporate Governance Code, the Board of Directors has established an internal Appointments and Remuneration Committee, in accordance with the Corporate Governance Code.

Following the appointment of the Board of Directors approved by the Shareholders' Meeting on 22 April 2020, on 22 April 2020 the Board of Directors renewed the composition of the Appointments and Remuneration Committee, appointing independent Director Cristina Spagna (who acts as chairperson of the Committee), non-executive Director Claudio Berretti and independent Director Anna Maria Tarantola as members of the same. - (iii) would be validly constituted with the presence of the majority of members in office and resolve on the basis of an absolute majority, but in any event, with the favourable vote of the Independent Director, if only one independent member has been appointed to the Committee;
- (iv) draw up minutes on its activities and resolutions, signed by the Chairperson of the Committee and by another member in attendance;
- (v) would approve on the basis of an absolute majority, but in any event, with the favourable vote of the Independent Director, if only one independent member has been appointed to the Committee, any further rules needed for its functioning.

These rules also apply to the current Appointments and Remuneration Committee, the work of which is coordinated by the Chairperson of the Committee.

More specifically, the attendance level of Cristina Spagna was 100%, that of Claudio Berretti was 100% and that of Anna Maria Tarantola 50%⁵. During said meetings, the Committee, inter alia: (a) established whether the objectives relating to the payment of the variable part of remuneration of executive Directors for 2019 had been achieved; (b) assessed the adequacy, the overall consistency and the effective implementation of the remuneration policy adopted by the Company; (c) expressed its opinion on the report on remuneration pursuant to art. 123-ter of the Consolidated Law on Finance and on the annual report on corporate governance and ownership structure pursuant to art. 123-bis of the Consolidated Law on Finance; (d) assessed the activities performed during the Financial Year and those planned for 2021 and lastly e) acknowledged the recommendations for corporate governance by the Corporate Governance Committee.

Non-members also attended Committee meetings, without voting rights, on the invitation of the committee and with regard to specific items on the agenda. The Statutory Auditors also attended these meetings, again without voting rights.

Directors must refrain from attending Committee meetings in which proposals are made to the Board regarding their remuneration.

In the performance of its functions, the Committee was able to access the information and liaise with the company functions required to fulfil its assignment, and did not seek the services of external consultants.

Given the type of activity the Appointments and Remuneration Committee is engaged in, the Company decided not to allocate this Committee with a set spending budget, preferring to consider spending requirements at the time the same arise.

9. Control and Risk Committee

Composition and functioning

The Board of Directors has established an internal Control and Risk Committee envisaged by Principles 7.P.3., lett. a) no. (ii), and 7.P.4. of the Previous Code, as well as art. 3, Recommendation no. 16 and art. 6 of the Corporate Governance Code - which also performs the functions of Committee for Related Party Transactions of the Company - in order to ensure that its decisions relating to the ICRMS, and to the approval of periodic financial reports, as well as those relating to related party transactions, are supported by adequate preparatory work.

The Control and Risk Committee in office consists of Claudio Roberto Calabi (Independent Director and Committee Chairman), Gianluca A. Ferrari (Independent Director) and Francesca Moretti (Independent Director) - appointed by a resolution of the Board of Directors on 22 April 2020.

Therefore, during the Financial Year, the Committee was comprised by at least 3 independent members. The qualification of independence was assessed by the Board of Directors at the meeting held on 11 March 2021.

Given the professional expertise and experience of the Committee members, the Recommendation set forth in art. 7.P.4 of the Previous Code, as well as art. 6, Recommendation no. 35 of the Corporate Governance Code, is fulfilled, regarding adequate knowledge and experience in financial, accounting and risk management matters.

In a resolution dated 9 May 2013, the Board of Directors in office at that time, established that the Committee:

- (i) was to be convened on the initiative of the Chairperson of the Committee:
 - a. when the same retained it necessary or when another 2 members requested a meeting;

- b. with notice to be sent, also by fax or e-mail, to the individual members of the Committee and to the Chairman of the Board of Statutory Auditors, or to another Auditor designated by the same, and to the Chairman of the Board of Directors, at least 5 days before the meeting, it being understood however, that even if not notified, the Committee would be considered legally constituted with the presence of all of its members and of the Chairman of the Board of Statutory Auditors, or by the other Auditor designated by the same;
- (ii) was to meet at the registered office of the Company or elsewhere, as long as in a European Union country, specifying that meetings of the Control and Risk Committee could be held also by video or teleconference, on condition that all attendees can be identified, are able to follow the discussion and to intervene in real time in the debate on the items on the agenda, and to receive, transmit and see documents, and that examining documents and passing resolutions is guaranteed to take place at the same time;
- (iii) would be validly constituted with the presence of the majority of members in office and resolve on the basis of an absolute majority, but in any event, with the favourable vote of the Chairperson;
- (iv) draw up minutes on its activities and resolutions, signed by the Chairperson of the Committee and by another member in attendance;
- (v) would approve on the basis of an absolute majority, but in any event, with the favourable vote of the Chairperson, any further rules needed for its functioning.

On a proposal of the Committee in office at the time, formulated at the meeting held on 23 October 2013, in a resolution passed on 24 October 2013, the Board of Directors added to the rules for the functioning of the Committee with reference to the previous point (iv) in the following terms: *“shall record the minutes of its discussions and resolutions signed by the Chairperson of the Committee and by another member in attendance or invited to the meeting. It is hereby understood that the other member or attendee who, jointly with the Chairperson, draws up and signs the minutes of each meeting, may attend the meeting from a venue other than that in which the Chairperson of the Committee is present, as long as at least one other member of the Committee is present in the same place or another person invited to attend the activities of the Committee”*.

These rules also apply to the Committee in office, whose work is coordinated by the Chairperson of the Committee.

The Committee in Office met 9 times, with meetings lasting an average of 36 minutes and attendance of 88%. More specifically, the overall attendance of Francesca Moretti was 100%⁶, that of Gianluca A. Ferrari was 90% and the overall attendance of Claudio Roberto Calabi was 100%.

In the current year, on the date of this Report, 2 meetings of the Committee have already taken place and at least an additional 3 are planned.

Minutes were regularly drawn up of meetings of the Committee in office.

The Committee Chairperson informed the Board of Directors, at the first possible meeting, on the meetings of said committee and on the matters that were discussed, in accordance with the provisions of implementing criterion 4.C.1, lett. d) of the Previous Code and the provisions of art. 3, Recommendation no. 17 of the Corporate Governance Code.

In order to fulfil the tasks assigned to it, the Committee:

- (i) is assisted by the internal audit function;
- (ii) accesses the information needed and involves the relative company functions to fulfil its tasks;

⁶ The % indicated for Francesca Moretti was calculated based on a different number of meetings with respect to other members of the committee (specifically six rather than nine). Since she was appointed on 22 April 2020, she would not have been able to participate in the meetings prior to said date.

- (iii) may request the assistance of external professionals, within the limits of the budget established by the Board of Directors, in particular for the advance assessment of related party transactions, which are then submitted to the approval of the Board of Directors.

Non-members also attended Control and Risk Committee meetings, without voting rights, on the invitation of the committee and with regard to specific items on the agenda. The Statutory Auditors also attended these meetings, again without voting rights.

Functions assigned to the Control and Risk Committee

In a resolution passed on 22 April 2020, the Board of Directors decided that the Committee, in line with that envisaged by Principle 7 of the Previous Code, as well as art. 6, Recommendation no. 35 of the Corporate Governance Code, with regard to identifying and assessing risks, should substantially provide advice and make proposals to the Board. The task of the Committee is to provide support, by means of adequate prior analysis, to the assessments and decisions of the Board of Directors regarding the ICRMS, as well as those relating to the approval of periodic financial reports.

In particular, the Board has expressly resolved that the Committee, in assisting the Board of Directors:

- a) should assess, together with the Executive in charge of preparing the company's accounting documents and following consultation with the Board of Statutory Auditors, the correct use of accounting standards and, in the case of groups, their coherence for the preparation of the consolidated financial statements;
- b) should provide opinions on specific aspects relating to identifying the company's main risks;
- c) should examine the periodic reports regarding the assessment of the ICRMS, and in particular those drawn up by the internal audit function;

- g) should provide support, through adequate preliminary activities, to the assessments and decisions of the Board regarding the management of risks resulting from prejudicial events that the Board has become aware of.

Furthermore, the Control and Risk Committee gives its prior non-binding opinion to the Board of Directors regarding decisions concerning:

- a) establishing the guidelines of the ICRMS, so that the main risks to which the Company and its subsidiaries are exposed are correctly identified, as well as adequately measured, managed and monitored, also establishing to what extent said risks permit the business to be managed in accordance with the strategic objectives identified;
- b) assessing, at least annually, the adequacy of the ICRMS with respect to business characteristics and to the risk profile undertaken, as well as its effectiveness;
- c) approving, at least annually, the work plan drawn up by the Head of the internal audit function, following consultation with the Board of Statutory Auditors and the Director in charge of the ICRMS;
- d) illustrating, in the report on corporate governance, the main characteristics of the ICRMS and the procedures implemented for the coordination the parties involved in the same, stating its assessment on the adequacy of the same;
- e) assessing, following consultation with the Board of Statutory Auditors, the results reported by the Independent Auditors in any letter containing suggestions and in the report on any fundamental matters that emerged at the time of external auditing;
- f) appointing and revoking the Head of the internal audit function, assessing the adequacy of the resources available to the Head of the internal audit function in order to carry out his duties, as well as establishing the remuneration of the Head of the internal audit function consistent with company policy.

In the performance of its functions, the Committee was able to access the information and liaise with the company functions required to fulfil its assignment, as well as use the services of external consultants.

Given the type of activity the Committee is engaged in, the Company decided not to allocate this Committee with a set spending budget, preferring to consider spending requirements at the time the same arise.

As already mentioned, the Committee has also been assigned the tasks, functions and powers envisaged by Consob RPT Regulations, in line with that envisaged by the same regulation and as confirmed by the procedure adopted by the Company regarding related party transactions.

10. Risk management and internal control system

Key principles

When drawing up strategic, business and financial plans, the Board of Directors establishes the nature and the level of risk that is compatible with the strategic objectives of the Issuer, including in its assessment, all of the risks that may be important in terms of the medium-long term sustainability of the Issuer's business activities.

With the assistance of the Control and Risk Committee, the Board of Directors established the guidelines of the ICRMS, so that the main risks to which the Company and its subsidiaries are exposed may be correctly identified, as well as adequately measured, managed and monitored, also establishing to what extent said risks permit the business to be managed in accordance with the strategic objectives identified.

11.1 Main characteristics of the ICRMS

Introduction

The ICRMS complies with the principles of the Previous Code, as well as the guidelines contained in the Corporate Governance Code. The ICRMS is comprised by a set of rules, procedures and organisational structures which seek to make a proactive contribution - through an adequate process to identify, measure, manage and monitor the main risks - to safeguarding the Be Group's assets, to running the Group in an efficient and effective manner in line with the business strategies established by the Board of Directors, to the reliability, accuracy and timeliness of financial (and other) information and, more generally, to complying with legislative and regulatory provisions in force. This system, as an integral part of business activities, involves and applies to the entire organisational structure of the Be Group: from the Board of Directors of Be and of the companies controlled by the same, to Group management and employees.

More specifically, the Be Group has an internal control system to oversee the process through which financial disclosures are prepared, which is part of the wider ICRMS. The aim of this system is to guarantee that administrative-accounting processes are adequately managed and to ensure, with reasonable certainty, the reliability of financial disclosures and the ability of the financial statement preparation process to produce timely and reliable accounting and financial information, according to the accounting standards adopted.

The risk management system must not be considered separately from the internal control system with regard to the financial disclosure process; both are elements of the same system.

Description

The structure and operating procedures of the internal control system for financial disclosure adopted by the Issuer are briefly illustrated below, with specific reference to its structure and to the roles and functions involved.

The internal control system for financial disclosure is defined as the set of activities that seek to identify and assess the actions or the events, the presence or absence of which could partially or totally compromise achieving the objectives of dependability, accuracy, reliability and timeliness of financial disclosures.

As part of a wider process to update the company's framework of provisions, the Company continued work to rationalise the accounting and administrative procedures which support the financial statement formation process. The procedures were revised on the basis of:

- (a) a mapping of the administrative and accounting processes of all Group companies, identifying the supervisory mechanisms/relative organisational responsibilities able to meet the need for transparency in financial statements and of operations in general, both as regards Italian Law 262/2005 and with reference to other legislative provisions relating to corporate governance (Italian Legislative Decree 231/2001, Italian Legislative Decree 196/03 etc.);
- (b) a risk analysis (made for each company/business process) to complete, add to/update that already conducted in previous years, based on international best practices in order to identify and assess the areas of risk in which events could occur, which would compromise the reliability of financial disclosures;
- (c) the auditing of the main business processes to check the effective implementation of existing controls.

The assessment model envisages the following macro-steps:

- (a) risk identification and assessment;
- (b) assessment of the adequacy of control activities;
- (c) check of the functioning of the control system;
- (d) monitoring and development of the control system.

The responsibilities for the implementation, application and maintenance of the ICRMS are identified and circulated within the organisation. More specifically, the Be Group's control model currently envisages the involvement, in addition to the Board of Directors, the Chief Executive Officer and the Control and Risk Committee, of the following:

- (a) the Director in charge of the ICRMS, delegated to check the correct functioning and the overall adequacy of the ICRMS;
- (b) the Executive in charge of preparing the company's accounting documents, tasked with implementing the administrative-accounting procedures that discipline the formation of periodic financial disclosures;
- (c) the Board of Statutory Auditors, whose task is to supervise compliance with the principles of correct management and the adequacy of the ICRMS;
- (d) the Supervisory Body, whose task is to supervise the adequacy of the organisational solutions adopted to implement the ICRMS and in particular with regard to the organisational model pursuant to Italian Legislative Decree 231/01;
- (e) the Head of the internal audit function, whose task is to check the implementation and suitability of the ICRMS.

With reference to this latter position, the Board resolved to envisage that, within the above-described department, the Head of the internal audit function should directly report to the Chairperson of the Control and Risk Committee, to ensure better efficiency of the ICRMS.

At least once a year, the Board approved the work plan drawn up by the Head of the internal audit functions, following consultation with the Control and Risk Committee, the Board of Statutory Auditors and the Director in charge of the ICRMS.

During the Financial Year, the Board assessed the adequacy of the ICRMS with respect to business characteristics and to the risk profile undertaken, as well as its effectiveness. Said assessment is also assisted by information flows activated during the course of the Financial Year between the Control and Risk Committee, the Supervisory Body, the Board of Statutory Auditors, the internal audit function and the Director in charge of the ICRMS.

Moreover, note that during FY 2019, the Company appointed Massimo Leopizzi as Group General Counsel, DPO (Data Protection Officer) as well as head of the Group compliance function, thereby further strengthening the system of safeguards to ensure proper functioning of the ICRMS.

11.2 Director in charge of the Internal Control and Risk Management System

At the meeting held on 22 April 2020, the Board of Directors resolved to appoint the Director in charge of the ICRMS as Stefano Achermann, Chief Executive Officer, to oversee the functioning of the internal control system, as well as coordinate all parties involved in the ICRMS.

More specifically, by virtue of the above resolution, Mr. Stefano Achermann was assigned the following powers with regard to the above-cited functions:

- (a) to provide for the identification of the main company risks, taking into account the characteristics of the businesses performed by the Company and its subsidiaries, and to periodically submit them to the Board of Directors for examination;
- (b) to implement the guidelines defined by the Board of Directors, providing for the design, creation and management of the ICRMS, continuously checking the overall adequacy and effectiveness of the same;
- (c) to ensure that the system has been adapted to meet changing operating conditions and the legislative and regulatory framework;
- (d) to request the internal audit function to conduct audits on specific areas of operation and on compliance with the internal rules and procedures for company operations, promptly also informing the Board of Directors, the Chairperson of the Control and Risk Committee and the Chairman of the Board of Statutory Auditors;
- (e) to promptly report to the Control and Risk Committee (or to the Board of Directors) with regard to any problem or critical issue that emerged as part of his work or which he became aware of, so that the Committee (or the Board) could take the necessary measures.

The CEO has ensured that the ICRMS has been adapted to meet changing operating conditions and the legislative and regulatory framework, to implement the guidelines defined by the Board of Directors, providing for the design, creation and management of the ICRMS, continuously checking the overall adequacy and effectiveness of the same. For this task, Mr. Stefano Achermann is assisted by the Control and Risk Committee and by the Head of the internal audit function.

The risk analysis exercise conducted in 2020 and in previous years, enabled the main risks relating to the Group's main business processes to be identified, with specific reference to legislative compliance and to strategic, operational, financial and reporting risks, taking the characteristics of the business the Company is engaged in into account. These risks were brought to the attention of the Board by means of the periodic reports of the Head of the internal audit function.

Based on the results of the risk analysis exercise, the procedural framework was updated and the internal control system was adapted, checking overall adequacy in terms of the legislative and regulatory framework and its efficiency and effectiveness with a view to changing operating conditions.

The Director in charge of the ICRMS reported promptly to the Control and Risk Committee and to the Board of Directors with regard to any issues and problems that arose as part of his work or which he became aware of, as well as areas for improvement, so that the Committee and the Board could take the necessary measures.

11.3 Head of the Internal Audit Function

Pursuant to Application Criterion 7.C.6 of the Previous Code, as well as the provisions under art. 6, Recommendation no. 33, lett. b) of the Corporate Governance Code, internal audit activities have been partly outsourced to a professional with proven experience and who is highly reliable, Simona Pastorino, appointed on 25 September 2014 by the Board of Directors in office at the time (following the favourable opinion of the Control and Risk Committee and after consultation with the Board of Statutory Auditors) as a consultant to Be, who, effective 30 September 2014, holds the position of Head of the internal audit function with a view to implementing the guidelines of the ICRMS. The Head of the internal audit function - who meets requirements of professionalism, independence and organisation - is assisted by the Group's internal resources who are professionally suitable to be able to provide support to Ms. Pastorino in performing her duties.

On 7 February 2020, the Board of Directors (following the favourable opinion of the Control and Risk Committee and after consultation with the Board of Statutory Auditors) appointed Federico Maurizio D'Andrea as consultant of Be to conduct internal audit activities, together with Simona Pastorino, as well as - effective 20 March 2020 - the role of head of the internal audit function, in order to implement the guidelines of the ICRMS. Mr. D'Andrea meets the requirements of professionalism, independence and organisation.

On 22 April 2020, the Board of Directors, following refusal of the appointment by Mr. D'Andrea for personal reasons, decided to appoint Simona Pastorino as Head of the internal audit function until revocation, with a view to operational continuity.

The Company's decision to partly outsource the internal audit function was taken in consideration of the greater expertise and efficiency that external consultants specialised in internal control can guarantee, also given the size of Be and its increasing internationalisation.

Remuneration of the internal audit function was established by the Board of Directors (following the favourable opinion of the Control and Risk Committee and after consultation with the Board of Statutory Auditors) in line with company policy. The Board ensures that the Head of the internal audit function has been provided with adequate resources to perform its duties.

To ensure greater efficiency of the ICRMS, the Head of the internal audit function reports directly to the Chairperson of the Control and Risk Committee, is independent from the operational heads, including in the Company's Administration and Finance area, has direct

access to all information needed to fulfil her assignment and reports periodically on her activities to the Chairs of the Board of Statutory Auditors, of the Control and Risk Committee, of the Board of Directors and of the Supervisory Body.

The Head of the internal audit function:

- a) verifies, both on a continuous basis and based on specific requirements and in compliance with international standards, the implementation and the suitability of the ICRMS, through an audit plan, once a year, approved by the Board of Directors, based on a structured process to analyse and prioritise the main risks;
- b) has direct access to all information needed to perform his/her tasks;
- c) prepares periodic reports containing adequate information on his/her activities, on the manner in which risk management is conducted as well as on the plans drawn up and their containment, in addition to an assessment of the suitability of the ICRMS and transmits this report to the Chairmen of the Board of Statutory Auditors, of the Control and Risk Committee, of the Board of Directors as well as to the director in charge of the ICRMS;
- d) prepares timely reports on events of particular importance and transmits them to the Chairpersons of the Board of Statutory Auditors, of the Control and Risk Committee as well as to the director in charge of the ICRMS;
- e) verifies, within the audit plan, the reliability of the information systems, including the accounting systems.

As part of the audit plan, on the mandate of the Control and Risk Committee, the independent assessment of the operations of the internal control system for financial disclosure has been allocated to the internal audit function. On the basis of the activities performed (second level compliance tests) by the Executive in charge of preparing the company's accounting documents, the internal audit function conducts assessments (third level compliance tests) on the effective application of the administrative-accounting processes of the Issuer and of Group companies and, by means of a specific plan of operations, organises the activities of these companies, establishing the procedures to check the effectiveness of the controls.

The control method adopted is based on international best practices and the extent of the controls depends on an assessment of the level of risk of administrative-accounting and management processes.

The internal audit function seeks to verify the effective application of existing processes and to share the results of testing any improvement measures identified with the managers/persons in charge of accounting and corporate disclosure for each Group company, in order to enable timely and adequate plans of action to be drawn up.

The overall results of testing are summarised in a report drawn up by the internal audit function to enable the Executive in charge of preparing the company's accounting documents and the CEO and the Director in charge of the internal control system to assess the adequacy of the administrative-accounting processes adopted to prepare the financial statements for the year, the half-year condensed financial statements and the consolidated financial statements.

Furthermore, in line with the audit plan approved by the Board of Directors, the following activities were performed for the parent company and/or for the main subsidiaries:

The reporting flows to the Supervisory Body and from the Supervisory Body to the corporate bodies are an integral part of the Model.

On 20 December 2018, the Board of Directors also approved the current Code of Ethics.

Be's Model and the Code of Ethics, most recently approved by the Board of Directors, are available on the Company's website (<http://www.be-tse.it>) in the Investor Relations/Corporate Governance section.

At a session held on 28 April 2011, the Shareholders' Meeting delegated the Board of Directors:

- the right to revoke the mandate of one (or all) members of the Supervisory Body in the requirements that must be met for the exercise of this function are no longer met, or when cases of incompatibility for members of the Body in question arise, or, also when the work performed points to the need to do so;
- at the end of each term in office of the Supervisory Body, to organise its renewal by verifying, before any new appointments, that the requirements expressly requested by the Decree for each member of the Supervisory Body are met.

The Supervisory Body, invested with the powers of control and supervision of compliance and efficacy of the OMCM, up to April 2020, was organised as follows: Iole Anna Savini (Chairperson), Andrea Celi, Simona Pastorino.

Subsequently, with resolution of 22 April 2020, the Board of Directors resolved to appoint as new members of the Supervisory Body, with the term of office ending on the date of approval of the 2022 Financial Statements, the following: Federico Maurizio D'Andrea (Chairman), Massimo Leopizzi and Iole Anna Savini.

The Supervisory Body has its own internal regulations, which have been reviewed and updated by the new Supervisory Body, and works on the basis of a specific activity plan, which - for the year in question - was drawn up according to the following main areas of intervention:

- a) analysis and updating of the OMCM;
- b) monitoring and implementation of training on "231", "GDPR" and other mandatory issues;
- c) sharing of information on the establishment of Be Corporate Services S.p.A. and auditing of the relative service agreements;
- d) sharing of information with the Board of Statutory Auditors and independent auditors;
- e) audit of Austrian subsidiary Targit SA: sharing of information with the CEO of Be;
- f) audit and examination of the audit reports/testing activities for the year 2020 and definition of the audit activities for 2021;
- g) sharing of information on corporate security: meeting with Chief Security Officer Stefano Fratapietro;
- h) analysis of information flows for the year 2020;
- i) analysis and monitoring of activities with regard to the COVID-19 health emergency: sharing of information with the RSPP (Health and Safety Officer) - Fabrizio Testi and with the Group Head of Human Resources & Organization - Eugenio Giovanni Fabris.

During the FY, the Supervisory Body met regularly to perform the planned activities as well as to discuss the results of the audits.

The Body also conducted periodic interviews with the functional heads of the most sensitive areas and continuously monitored the planned updating of the Model. The edition of the Model, which is currently in force and was approved in 2018, also includes the recent changes introduced for whistleblowing: in this regard, the Company has set dedicated information channels in place, continuously monitored by the Supervisory Body.

Within the scope of the above areas of intervention, the Body has dedicated particular attention to updating of the Special Part of the OMCM.

To this end, on 21 October 2020, it granted a formal assignment to the firm Orrick&Partners to update the Special Part of the aforementioned Model and the preliminary and relative risk assessment to be carried out in light of the recent regulatory changes pursuant to the Conversion Law (Law no. 157 of 19 December 2019) of Italian Law Decree no. 124 of 26 October 2019 (“Tax Decree”) and Directive 2017/1371/EU (so-called “PIF Directive”).

The Supervisory Body paid particular attention to the activities implemented by the Company with regard to the COVID-19 health emergency.

In addition to the above, with a view to fruitful collaboration, the Body held meetings during the FY with the Control and Risk Committee, with the Board of Statutory Auditors and with the independent auditors, as well as with the supervisory bodies of subsidiaries. The content of the meetings of the Supervisory Body is reported in minutes held in the files of the same Body. During the Financial Year, the Supervisory Body reported to the Board of Directors by means of six-monthly reports.

11.5 Independent Auditors

The independent auditors are tasked with auditing the accounts, assessing the reliability of the financial statements and expressing an opinion on the compliance of said financial statements with the relevant legislative framework.

On 10 May 2012, the Shareholders’ Meeting resolved to assign the legal auditing of the accounts for 2012-2020 to independent auditors Deloitte & Touche S.p.A.

With approval of the financial statements for the year ended 31 December 2020, the auditing engagement assigned to the current independent auditors will expire. In view of the necessity to assign a new nine-year auditing mandate pursuant to the applicable legislation (as last amended and integrated by EU Regulation 537/2014 and Italian Legislative Decree no. 39 of 27 January 2010, as amended by Italian Legislative Decree no. 135 of 17 July 2016), the Company launched and completed a selection procedure for the assignment of said mandate (i) for auditing of the accounts for the year 2021-2029 and (ii) for limited auditing of the consolidated NFS of Be for 2021-2023, conducted by the Company’s Board of Statutory Auditors. In virtue of the cooling-off obligation envisaged by art. 17, paragraph 1 of Italian Legislative Decree no. 39 of 27 January 2010 (Consolidated Law on Auditing), the auditing mandate cannot be reassigned to the same independent auditors.

In November 2020, the Company launched, under the supervision of the Board of Statutory Auditors, it in its capacity as Committee for Internal Control and Auditing pursuant to art. 19 of the Italian Legislative Decree 39/2010, the procedure for selection and subsequent appointment of the new Independent Auditor.

The selection process was managed by the Company’s Executive in charge of preparing the company’s accounting documents, supported by its internal administrative structure, with which the Board of Statutory Auditors has interacted on a regular basis, constantly monitoring progress of the process to identify the new independent auditors. On 9 November 2020, the Executive in charge of preparing the company’s accounting documents sent the request for proposal to the preselected firms, upon sharing the contents of the same with the Board. The request for proposal for the auditing assignment also included the Italian subsidiaries Be Shaping the Future Management Consulting S.p.A. and Be Shaping the Future Digitech Solutions S.p.A., as well as the most significant foreign subsidiaries.

Following the appropriate evaluations and in accordance with the non-discrimination requirement envisaged by EU Regulation no. 537/2014, six companies were preselected, included three of the “big four” (with the exception, therefore, of outgoing auditor Deloitte) and, specifically, Ernst&Young S.p.A., KPMG S.p.A. and PricewaterhouseCoopers S.p.A., plus BDO Italia S.p.A., Ria Grant Thornton S.p.A. and RSM Società di Revisione e Organizzazione Contabile S.p.A..

Upon evaluating the proposals received by the candidate independent auditors, also in light of assessment criteria identified in the invitation letter sent to the same and following meetings with the two companies that made the short list (EY and PWC) - the Company’s board of statutory auditors formulated its justified recommendation with regard to the auditing assignment, expressing its preference for PricewaterhouseCoopers S.p.A., as the relative proposal achieved a higher technical score and was more economically advantageous.

In accordance with the provisions of the applicable legislation, the Board of Directors examined the criteria adopted, the assessments made and the conclusions drawn by the Board of Statutory Auditors in order to (i) endorse the preference expressed by the Board of Statutory Auditors and therefore submit to the Shareholders’ Meeting the proposal to appoint PricewaterhouseCoopers S.p.A. to audit the accounts, or, in the event of disagreement with the preference expressed by the Board of Statutory Auditors, (ii) to represent to the Shareholders’ Meeting the reasons for any such disagreement.

In its session of 11 March 2022, the Board of Directors, acknowledging the recommendation of the Board of Statutory Auditors with regard to awarding of the nine-year auditing assignment, and having examined the proposal received from independent auditor PricewaterhouseCoopers S.p.A., resolved:

- to share the criteria adopted, assessments made and conclusions formulated by the Board of Statutory Auditors and, consequently, to adopt the preference expressed by the Board of Statutory Auditors for the independent auditing firm PricewaterhouseCoopers S.p.A.;
- to submit to the Company’s Shareholders’ Meeting the proposal to confer the assignment (i) for auditing of the accounts of Be for the nine-year period 2021-2029 and (ii) for limited auditing of Be’s consolidated NFS for 2021-2023 to PricewaterhouseCoopers S.p.A., at the conditions contained in the proposal by said independent auditors, as summarised in the recommendations by the Board of Statutory Auditors, defining the relative compensation for the entire duration of the mandate at Euro 100,500 per year for Be and Euro 216,991 per year for the other Group companies, for a total of Euro 317,491 per year.

11.6 Executive in charge of preparing the company’s accounting documents

The main task of the Executive in charge of preparing the Be Group’s accounting documents, is to implement the administrative-accounting procedures that discipline the formation of periodic company financial disclosures, monitoring the application of the same and, jointly with the CEO, issuing a statement confirming fulfilment of the above and the “reliability” of the financial documentation circulated.

Pursuant to art. 16 of the Articles of Association, the Board of Directors of the Issuer, following the mandatory opinion of the Board of Statutory Auditors, appoints an Executive in charge of preparing the company’s accounting documents, as set forth in art. 154-bis of the Consolidated Law on Finance. The Executive in charge of preparing the company’s accounting documents must be chosen on the basis of criteria of professionalism and expertise, from executives who

have a total of at least three years' experience in administrative functions with companies, consultancy firms or professional firms.

After checking the above-cited requirements of honourability and professionalism, by means of a resolution made on 22 April 2020, the Board of Directors confirmed the appointment of Manuela Mascarini, Head of the Be Group's Administration and Finance function, as Executive in charge of preparing the company's accounting documents, with a term of office until the date of the Shareholders' Meeting convened to approve the financial statements for the year ending 31 December 2022, when the term of office of entire Board of Directors of the Company will expire.

At the above-mentioned meeting, Manuela Mascarini was formally awarded all the powers required to correctly perform the tasks required by law. More specifically, for the entire duration of the office of Executive in charge of preparing the company's accounting documents, Manuela Mascarini was awarded the following powers:

- a) to ensure compliance, directly and/or through co-workers, with all legislation and/or obligations relating to tax and fiscal matters in general;
- b) to access any type of information and/or document regarding the Company and/or group companies, retained relevant and/or necessary to perform the tasks required by law;
- c) to take any necessary and/or appropriate action to perform her tasks, with a view to pursuing the objectives envisaged by the law.

The Board of Directors also resolved to grant the Executive in question an annual expenditure budget of Euro 20,000.00 to perform all of the activities entailed by the position of Executive in charge of preparing the company's accounting documents.

11.7 Coordination between parties involved in the Internal Control and Risk Management System

The Issuer has not formalised procedures for the coordination of the various parties involved in the ICRMS, as it retained the bodies and the various functions to be sufficiently and efficiently coordinated with one another, interacting in a constructive manner on an ongoing basis.

Although no specific procedures are in place in terms of the ICRMS, the following are envisaged:

- (i) that the entire Board of Statutory Auditors, or the majority of its standing members, attend the meetings of the Control and Risk Committee;
- (ii) that the Head of the internal audit function periodically reports on the results of their supervision and monitoring activities to the Director in charge of the ICRMS, to the Control and Risk Committee and Supervisory Body, as well as to the Board of Directors and Board of Statutory Auditors.

11. Directors' interests and related party transactions

In a meeting held on 11 November 2010, in order to implement Consob RPT Regulations, the Board of Directors established guidelines, specifying the (quantitative and/or qualitative) criteria to be used to identify transactions which, given their specific importance in economic, equity or financial terms, or for reasons of opportunity, must be examined and approved by the Board.

In compliance with that envisaged by the Consob RPT Regulations, the Board of Directors therefore (i) following the approval of the Control and Risk Committee (in its role as Committee for Related Party Transactions) adopted the Be RPT Procedure approved by the Board of Directors on 12 March 2010 (later amended on 23 January 2014, 13 February 2014, 15 May 2014, 1 July 2014 and, lastly, to change the reference to art. 114, paragraph 1 of the Consolidated Law on Finance with the reference to art. 17 of the MAR, on 11 May 2017), which seeks to establish the rules and the principles to be observed in order to ensure the transparency and substantial and procedural correctness of the related party transactions performed by Be, directly or through companies directly and/or indirectly controlled by the same, and (ii) as illustrated earlier in this Report, assigned the Control and Risk Committee the functions and the tasks of the Committee for Related Party Transactions.

The most important aspects of the procedure are as follows:

- a) the classification of “Related Party Transactions” as Transactions of Greater Importance (meaning those in which the relevance index of the counter value or of the asset or of the liabilities surpasses the threshold of 5%), Transactions for Smaller Amounts (meaning related party transactions for amounts not exceeding Euro 50,000.00 (fifty thousand) if the related party is a natural person, or transactions for amounts not exceeding Euro 100,000.00 (one hundred thousand) if the related party is a legal person), and Transactions of Lesser Importance (a residual category which encompasses related party transactions that are not Transactions of Greater Importance or Transactions for Smaller Amounts);
- b) the rules for transparency and market disclosure, in the case of Transactions of Greater Importance, requiring the publication of a specific disclosure document;
- c) the particularly important role played by the Control and Risk Committee (in its capacity as Committee for Related Party Transactions) in the procedure to assess and approve related party transactions.

This Committee is assigned the task of guaranteeing the substantial correctness of transactions with related parties, by issuing an opinion on the interest of the Company in performing a specific transaction as well as on the reasonableness and correctness of the relative conditions. In the case of transactions classified as Transactions of Lesser Importance, the Company may proceed with the transaction in any event, even if the opinion of the Committee is negative. In this case, within fifteen days of the closure of each quarter of the year, a disclosure must be made to the public of the transactions approved in the relative quarter, despite said negative opinion, with an indication of the reasons for the disagreement with the opinion of the Committee for Related Party Transactions.

In the case of transactions classified as Transactions of Greater Importance, the approval of which is reserved exclusively to the Board of Directors, the Committee plays an even wider role insofar as it is required to intervene during negotiations relating to the transaction, and to this end must receive a complete and timely flow of information from the delegated bodies and the parties in charge of conducting the negotiations, and is able to request additional information of the same and to make observations. Furthermore, if the opinion of the Committee is negative, the Board of Directors may: (i) approve the Transaction of Greater Importance taking the findings reported by the Committee into full consideration; or, alternatively (ii) approve the Transaction of Greater Importance despite the advice against it, or in any event, without considering the findings of the Committee, on condition that the performance of the transaction is authorised by the Shareholders’ Meeting pursuant to that envisaged by art. 6.8 of the procedure; or, lastly (iii) not to approve the Transaction of Greater Importance and therefore not to execute the same.

Without prejudice to price sensitive disclosures and to the periodic disclosures required by art. 154-ter of the Consolidated Law on Finance, the Be RPT Procedure requires market disclosure for Transactions of Greater Importance, within 7 days of the approval of the transaction or from the signature of the contract, and within 15 days in the case of a number of combined transactions with the same related party.

The announcement to the market must be made by means of the publication of a disclosure document, drawn up in compliance with Appendix 4 of the Issuers' Regulation.

Pursuant to art. 150 of the Consolidated Law on Finance, the Directors report on a quarterly basis to the Board of Statutory Auditors on related party transactions performed in the quarter (including therein delegated transactions), as well as - on the end-date of the quarter - on the current status of transactions, whose execution, due to their characteristics, is time-delayed or periodic.

More specifically, the Board of Directors, represented by the Chief Executive Officer or by another person specifically delegated, illustrates relevant information regarding individual transactions they are aware of to the Board of Statutory Auditors.

As indicated above, during the FY, the Board of Directors and the Control and Risk Committee examined the situation of relationships and transactions with related parties. Minutes were taken of the same.

The above procedure for related party transactions is available on the Company's website https://www.be-tse.it/wp-content/uploads/2017/05/Be_Procedura-in-Materia-di-Operazioni-con-Parti-Correlate_11052017-2.pdf.

To ensure the proper functioning of the procedure for related party transactions, the Board of Directors decided that it was not necessary to adopt further operating solutions to identify and manage situations in which a Director has an interest, on his/her own behalf or on behalf of third parties.

12. Appointment of statutory auditors

In addition to the supervisory and control functions envisaged by art. 149 of the Consolidated Law on Finance, the Board of Statutory Auditors oversees the process of financial disclosure and the effectiveness of the ICRMS, also in the role of "Committee for internal control and auditing" pursuant to Italian Legislative Decree 39/2010.

In performing its functions, the Board of Statutory Auditors is assisted by Company structures, specifically by the internal audit function and by the Administration and Finance function.

The Articles of Association (art. 19) envisage that, without prejudice to situations of ineligibility and/or incompatibility envisaged by law, persons who already hold the position of statutory auditor in more than five companies whose shares are listed on regulated markets, with the sole exclusion of companies that directly or indirectly control the Company, or are controlled by the same, may not be elected Statutory Auditors, equally those who do not meet the requirements of honourability and professionalism required by the laws in force may not be elected statutory auditors.

If the same no longer meet said requirements, the Statutory Auditor loses his/her position.

The Board of Statutory Auditors is elected by the Shareholders' Meeting, which votes on a list basis, according to the following procedure.

Only shareholders who alone or together with other shareholders, represent at least 2.5% of shares with voting rights in the Ordinary Shareholders' Meeting or, if lower, a different percentage established by Consob in its regulations, may submit a list.

Each shareholder, as well as shareholders belonging to the same group (meaning the controlling party, even if not an enterprise pursuant to art. 2359 of the Italian Civil Code and the subsidiaries of the same party), or who are part of a shareholders' agreement pursuant to art. 122 of the Consolidated Law on Finance, may not submit, either directly or through a third party or a trust company, more than one

list, as this will result in the inadmissibility of all of the lists submitted in infringement of this paragraph, regardless of the order of submission.

The list is comprised of two sections, one for candidates to the office of standing auditor, the other for candidates to the office of alternate auditor; candidates are listed in each section by means of consecutive numbers.

Each candidate may appear on one list only, otherwise he/she will be considered ineligible.

Where, with reference to the mandate in question on each occasion, mandatory criteria regarding the division between genders (male and female) are applicable, each list that includes at least three candidates must contain a number of candidates of the less-represented gender that is at least equal to the minimum quota applicable on each occasion (both as regards the position of Standing Auditor and that of Alternate Auditor).

The lists must be registered pursuant to articles 148, paragraph 2, and 147-ter of the Consolidated Law on Finance.

Lists for which the above provisions have not been observed, will be considered as not having been presented.

Statements of each candidate, accepting the candidature and confirming, under their own responsibility, subject to forfeiture, the non-existence of causes for ineligibility and incompatibility, as well as the fulfilment of the requirements envisaged by law, must be registered with each list submitted.

All those with voting rights may only vote for one list.

Two Standing Auditors and one Alternate Auditor will be appointed from the list that obtains the highest number of votes, according to the consecutive number with which the candidates are listed on the same, in the respective sections.

One Standing Auditor and one Alternate Auditor will be taken from the list that obtains the highest number of votes, from the lists submitted and voted by minority shareholders, as long as not related, pursuant to the law and regulations, to shareholders that have submitted or voted for the list illustrated in the previous paragraph, and in the consecutive order with which they appear on the list, in the respective sections.

If, due to the application of that envisaged above, any minimum quota of the less-represented gender applicable on each occasion to members of this body is not respected (both as regards the position of Standing Auditor and that of Alternate Auditor) in place of the last candidate of the more-represented gender on the Majority List, the next candidate of the less-represented gender of the same list will be considered elected.

The Chairman of the Board of Statutory Auditors is appointed by the Shareholders' Meeting from the Statutory Auditors elected by minority shareholders.

In the case of equal votes between the lists, the entire Shareholders' Meeting will vote again on the lists that obtained the same number of votes.

If a single list is submitted for voting, or if a single list is admitted for voting, or if lists are not submitted by minority shareholders, prompt notice will be given of this circumstance, according to the procedures envisaged by the law in force, in order for lists to be submitted up until the fifth day after the term envisaged for their registration at the Company's registered office.

In this case, the percentage of voting rights required to submit a list is half the original one.

In the event that a Statutory Auditor leaves, until the end of the term of office of the other Statutory Auditors, where possible, the first Alternate Auditor on the same list as the one leaving will take over, unless, to respect any minimum gender quotas that may be applicable, a different Alternate Auditor on the same list may be necessary.

If in neither case, the minimum gender quota that may be applicable is not respected, a Shareholders' Meeting must be convened to appoint a Statutory Auditor of the less-represented gender.

If it is not possible to appoint one or more Statutory Auditors using the method of voting for lists, the Shareholders' Meeting will resolve according to the legal majority.

13. Composition and functioning of the Board of Statutory Auditors (pursuant to art. 123-bis, paragraph 2, letter d), of the Consolidated Law on Finance)

The Board of Statutory Auditors oversees compliance with the law and with the deed of incorporation, as well as respect of the principles of correct management in the performance of business activities; it checks the adequacy of the organisational structure of the internal control system and of the Company's administrative-accounting system.

Furthermore, pursuant to article 19 of Italian Legislative Decree 39/2010, the Board of Statutory Auditors performs the functions assigned to it in its capacity as "Committee for internal control and auditing". In this capacity, the Board of Statutory Auditors oversees:

- a) the financial disclosure process;
- b) the effectiveness of the internal control system, the internal auditing system and if applicable, the risk management system;
- c) the independent auditing of annual accounts and of consolidated accounts;
- d) the independence of the independent auditor or the independent auditing firm, specifically with regard to the provision of non-auditing services to the entity subject to independent auditing.

As already envisaged by the Consolidated Law on Finance and currently regulated by art. 13 of Italian Legislative Decree no. 39/2010, the Board of Statutory Auditors makes a justified proposal to the Shareholders' Meeting regarding the assignment of the independent auditors and the fee to be paid to the same. Furthermore, pursuant to art. 19, paragraph 1, letters c) and d), of the cited decree, the Board of Statutory Auditors oversees the independent auditing of the accounts, verifying that legislative provisions regarding the nature and the entity of services other than auditing provided to the Group directly and through companies belonging to its network are respected. The outcome of supervisory activities is stated in a Report prepared in accordance with art. 153 of the Consolidated Law on Finance.

Meetings of the Board of Statutory Auditors may be held by video or teleconference, on condition that all attendees can be identified with certainty, are able to follow the discussion and to intervene in real time in the debate on the items on the agenda, and to transmit and see documents. Once said requirements are fulfilled, the meeting of the Board of Statutory Auditors is considered to be held in the place in which the member chairing the meeting and the person taking the minutes are located, in order to enable the minutes to be transcribed to the relevant register and signed.

The Board of Statutory Auditors is formed by a Chairperson, two Standing Auditors and two Alternate Auditors, which remain in office for three years and may be re-elected.

The Shareholders' Meeting held on 26 April 2018 appointed the Board of Statutory Auditors in office on the Date of Reference on the basis of a single list, submitted by the shareholder iFuture Power in Action S.r.l. - holder, at the time of submission of said list, of 13,519,265 shares, representing 10.022% of share capital.

Said list indicated the following candidates: Giuseppe Leoni (Chairman), Stefano De Angelis (Standing Auditor), Rosita Francesca Natta (Standing Auditor), Bionesi Ferrari (Alternate Auditor) and Roberta Pirola (Alternate Auditor), previously members of the Board of Statutory Auditors whose term of office terminated with the approval of the financial statements at 31 December 2017, made at the Shareholders' Meeting of 26 April 2018.

This Board of Statutory Auditors - following the favourable vote of 48,323,523 shares, representing 99.56% of voting capital - will remain in office until the date of the Shareholders' Meeting convened to approve the financial statements for the year ending 31 December 2020.

The share capital present with voting rights at the time of said resolution corresponded to 35.98% of the entire share capital. The table below shows the list of members of the Board of Statutory Auditors currently in office.

Note that no member of the Board of Statutory Auditors has family ties to the members of the Board of Directors or other Company executives.

During the year, 9 meetings of the Board of Statutory Auditors were held, with an average duration of 2 hours each. The percentage of overall attendance was 100% for all Standing Auditors. For the current

year, at least 8 meetings of the Board of Statutory Auditors are planned, of which 2 have already been held in 2021.

The Chairman of the Board of Directors ensures that the Statutory Auditors obtain an adequate understanding of the business sector in which the Issuer operates, of business dynamics and their evolution, of the principles of correct risk management as well as the relative legislative and self-regulatory framework of reference. In particular, during meetings of the Board which are held at the Company's registered office during the FY, the Statutory Auditors have received continuous information on each specific sector in which the Issuer conducts its business activities in order to better understand the underlying business dynamics and the relative developments that occurred during the FY.

At the time of their appointment, the members of the Board of Statutory Auditors have stated, under their own responsibility, to meet the requirements of independence envisaged by the applicable legislative and regulatory standards. The Board of Statutory Auditors assessed the independence of its members as soon as possible after their appointment, and subsequently, annually, at its meetings and, most recently, at the meeting held on 4 March 2021. At the last meeting, all of the criteria envisaged by the Consolidated Law on Finance, the Issuers' Regulation and the Corporate Governance Code were materially applied.

Also note that at said meeting of the Board of Statutory Auditors, it was recalled that, with regard to Standing Auditor Rosita Natta, the same is an associate of Studio Pirola Pennuto Zei & Associati, to which the Company and several group companies have commissioned to perform several assistance activities. The Board of Statutory Auditors, considering that (i) Ms. Natta does not provide any professional services to the Group on behalf of Studio Pirola Pennuto Zei & Associati and (ii) the contained and insignificant economic amount of said professional services with respect to the overall fees of this firm, based on the assumption that the high level of professionalism of Ms. Natta and the absence of situations or circumstances that compromise her independence guarantee, in any event, compliance with art. 3 of the Previous Code, as well as respect of principle VIII and art. 2, Recommendation no. 7 of the Corporate Governance Code, confirmed that the above cited requirements continue to be fulfilled for Ms. Natta as well, privileging for the same a profile of substance (over form) in the assessment of the composition of the Board of Statutory Auditors. The results of said assessment were sent to the Board of Directors and communicated to the market in a press release dated 11 March 2021.

The remuneration of the Statutory Auditors is proportional to the commitment required of the same, to the importance of the position held as well as the size of the company and the industry it operates in.

Pursuant to Application Criterion 8.C.5 of the Previous Code, as well as in accordance with the provisions of art. 6, Recommendation no. 37 of the Corporate Governance Code, it is envisaged that a Statutory Auditor who, on his own behalf, or on behalf of third parties, has an interest in a specific transaction of the Issuer, must promptly and exhaustively inform the other Statutory Auditors and the Chairman of the Board of Directors of the nature, terms, origin and extent of his interest.

The Board of Statutory Auditors has overseen the independence of the independent auditors, verifying compliance with the relevant legislative provisions, and has also confirmed the absence of services other than auditing provided to the Issuer and to its subsidiaries by the same independent auditors and by entities belonging to the network of the same, with the exception of the assignment regarding the issue of a statement stating the compliance of the consolidated non-financial statement set forth in Italian Legislative Decree 254/2016 for the period 2017-2020, with regard to which, the Board of Statutory Auditors expressed a favourable opinion.

In conducting its activities, the Board of Statutory Auditors has coordinated with the Control and Risk Committee, the Supervisory Body and with the internal audit function by attending all meetings held

by said Committee and by organising periodic meetings with the Supervisory Body and the internal audit function.

Diversity criteria and policies

The characteristics of the members of the Board of Statutory Auditors are suitable to ensure an adequate level of diversity regarding aspects such as age, the breakdown of gender and their educational and professional backgrounds. More specifically, the Board of Statutory Auditors is comprised by 3 standing members and 2 alternate members; the less-represented gender accounts for 40% of the members of the Board, whose average age is for 40% between 41 and 50, and for the remaining 60% above 50. The diversity of the professional backgrounds and education of the Statutory Auditors (illustrated above) ensure that the Board of Statutory Auditors has the necessary and appropriate expertise needed to perform its functions.

On 4 March 2019, the Board of Statutory Auditors, following the recommendations of the Previous Code of Self-Regulation and the letter of the Chairman of the Corporate Governance Committee, adopted a specific policy on diversity pursuant to art. 123-bis, paragraph two, letter d-bis of the Consolidated Law on Finance for the composition of the control body, which seeks to guarantee the good functioning of the same, regulating the composition of the same and envisaging that its members meet all of the personal and professional requirements that ensure the highest level of diversity and expertise. This policy promotes corporate social responsibility to the extent to which inclusion, integration and non-discrimination may contribute to removing obstacles to economic and social order that restrict individual freedom, in application of the principle of equality.

The Be Group perceives diversity as a strength that enables corporate bodies to be formed that have different values, points of view, expertise and ideas so as to encourage and enrich debate.

The aspects of diversity considered by the Be Group regard in particular gender, age and professional diversity.

The policy on diversity for the composition of the control body is available on the Company's website and on the Issuer's website <https://www.be-tse.it>.

14. Relations with Shareholders

The Company has an institutional website, www.be-tse.it and a specific section relating to financial information (Investors), which is easy to find and can be accessed through a direct link from the home page of the website, provides information regarding the Issuer that is important to its Shareholders, so that the latter are aware of how to exercise their rights. More specifically, the specific section of the website contains press releases, quarterly accounts, interim reports, financial statements, documents registered with Consob, the Articles of Association, regulations for Shareholders' Meetings, the organisational model pursuant to Italian Legislative Decree 231/01.

The person in charge of handling relations with shareholders is the Investor Relator, currently Claudio Cornini, appointed by the Board of Directors on 1 August 2019. Furthermore, on 16 October 2019, the Board of Directors resolved to maintain the roles of "Person in Charge" and "Information Officer" pursuant, respectively, to the Internal Dealing Procedure and the Privileged Information Procedure adopted by the Company under Patrizio Sforza, previous Investor Relator. Subsequently, on 5 March 2020, the Board of Directors resolved to appoint as "Person in Charge" and "Information Officer" pursuant, respectively, to the Internal Dealing Procedure and the Privileged Information Procedure, Massimo Leopizzi, Group General Counsel and DPO, as well as head of Group compliance,

considering it more efficient to concentrate all responsibilities strictly linked to continuous monitoring of compliance with the primary and secondary legislation, as amended and supplemented, under one individual.

In accordance with the provisions of Application Criterion 9.C.1 of the Previous Code and Principle IV of the Corporate Governance Code, the Board promotes, through the most appropriate forms, dialogue with shareholders and with other significant stakeholders of the company. In this respect, the establishment of a corporate office to handle shareholder relations was evaluated, but - given the characteristics of the Company - it was decided that all matters regarding corporate information and managing relations with shareholders could be effectively and efficiently performed by a single manager, the Investor Relator. The Investor Relator is assisted by a company that specialises in strategic consulting and institutional communication. The Company seeks to maintain continuous dialogue with the market, in accordance with regulations on the circulation of privileged information. Company conduct and procedures seek to avoid disclosure asymmetries.

During 2021, the Board of Directors will adopt its own policy to manage dialogue with its shareholders in general, taking into consideration the engagement policies adopted by the institutional investors and by the asset managers, in accordance with the provisions of art. 1, Recommendation no. 3 of the Corporate Governance Code.

15. Shareholders' Meetings (pursuant to art. 123-bis, paragraph 2, letter c), of the Consolidated Law on Finance)

The Articles of Association envisage that Shareholders' Meetings are to be convened by the Board of Directors, by the Board of Statutory Auditors in accordance with the law, or by at least two members of the Board of Statutory Auditors, after notifying the Chairman of the Board of Directors. The Board of Directors will promptly convene a Shareholders' Meeting also on the request of shareholders, in accordance with the procedures and terms set forth in art. 2367 of the Italian Civil Code.

Shareholders' Meetings may also be held at a venue other than the registered office, as long as in Italy, and convened by means of a notice published pursuant to art. 2366, second paragraph of the Italian Civil Code and art. 125-bis of the Consolidated Law on Finance.

The Ordinary Shareholders' Meeting must be convened at least once a year, within 120 days of the end of the financial year. However, if legal requirements are met, the Ordinary Shareholders' Meeting may be convened within 180 days of the end of the financial year.

Shareholders who, also jointly, represent at least one fortieth of share capital, may add to the items on the agenda, indicating in their application further items to be discussed prepared by the same or may submit proposals for resolutions on items that already appear on the agenda, within the limits and with the procedures envisaged by the law. Those who possess voting rights may individually submit proposals for resolutions to the Shareholders' Meeting. Requests to add to the list of items on the agenda is not permitted for matters on which the Shareholders' Meeting resolves, by law, on the proposal of the directors or based on a draft or a report drawn up by the same, other than the report on the items on the agenda.

Those with voting rights may formulate questions on items on the agenda also before the Shareholders' Meeting, as long as within the terms envisaged for the notice of call, by certified e-mail, using the specific e-mail address of the Company indicated in the notice of call. The Company is not bound to response if the relevant information is available on the Company's website in a "Frequently asked

questions” format, or whenever it is necessary to protect the confidentiality and the interests of the Company.

The Ordinary Shareholders’ Meeting is validly constituted and resolves in first, second and subsequent calls, according to the majorities established by the law.

The Ordinary Shareholders’ Meeting is validly constituted according to the majorities established by the law and resolves in first, second and subsequent calls with the favourable vote of shareholders that represent at least 75% of the share capital represented by the Shareholders’ Meeting.

The Shareholders’ Meeting may also, inter alia, resolve in an ordinary or extraordinary session on the following:

- a) the appointment and the revocation of members of the Board of Directors and of the Board of Statutory Auditors and on the relative remuneration and responsibilities;
- b) the approval of the financial statements and the allocation of profit;
- c) the purchase and the sale of treasury shares;
- d) amendments to the Articles of Association;
- e) the issue of convertible bonds or warrants;
- f) the issue of financial instruments.

In compliance with the provisions of art. 2365 of the Italian Civil Code, the Articles of Association envisage that decisions on the following are not resolved by the Shareholders’ Meeting but by the Board of Directors:

- a) the decision to merger in the cases set forth in articles 2505 and 2505-bis of the Italian Civil Code;
- b) the reduction of the share capital if a shareholder withdraws;
- c) the transfer of the registered office within the Province;
- d) the opening and the closing of secondary offices;
- e) the amendment of the Articles of Association to legislative provisions.

Pursuant to art. 11 of the Articles of Association, those who possess voting rights pursuant to art. 83-sexies of the Consolidated Law on Finance may participate in the Shareholders’ Meeting. Those who possess voting rights may be represented at Shareholders’ Meetings pursuant to art. 2372 of the Italian Civil Code and 135-novies of the Consolidated Law on Finance. In the notice of call, the Board of Directors will specify the procedure for the electronic notification for delegating votes. The Chairman of the Shareholders’ Meeting must establish the right to participate in the same, also with regard to the fulfilment of the provisions regarding representation by proxy.

The right of each shareholder to take the floor on the items under discussion is guaranteed by the Chairman of the Shareholders’ Meeting, who coordinates speakers at the meeting and runs the same.

The Board of Directors has reported to the Shareholders’ Meeting on the activities performed and planned, and has made efforts to ensure that shareholders have been adequately informed on the necessary matters, so that the same may take decisions, in full knowledge, referred to the Shareholders’ Meeting. During the Financial Year, at the Meeting held on 22 April 2020, the following individuals were present through audio and video connection: Chairman Carlo Achermann, Chief Executive Officer Stefano Achermann, as well as Claudio Roberto Calabi and Gianluca Antonio Ferrari, Francesca Moretti, Lucrezia Reichlin, Cristina Spagna and Anna Maria Tarantola. For the Board of Statutory Auditors, the following individuals were present through audio and video connection: Chairman Giuseppe Leoni, Stefano De Angelis and Rosita Francesca Natta.

Pursuant to Application Criterion 9.C.4 of the Previous Code, as well as on the basis of Recommendation no. 2, lett. d) of the Corporate Governance Code, the Board of Directors did not deem it necessary to propose changes to the Articles of Association to the Shareholders’ Meeting, regarding the percentages established for

the exercise of prerogatives set in place to protect minorities, insofar as - in application of art. 144-quater of the Issuers' Regulation for the submission of lists for the appointment of members of the Board of Directors and of the Board of Statutory Auditors - articles 15 and 19 of the Articles of Association of the Issuer require, as regards the Board of Directors, a shareholding corresponding to at least the minimum established by Consob pursuant to art. 147-ter, paragraph 1, of the Consolidated Law on Finance and, as regards the Board of Statutory Auditors, a threshold of 2.5% of shares with voting rights in the ordinary Shareholders' Meeting, or, if less, a different percentage established by Consob.

In this regard, note that, with decision no. 44 of 29 January 2021, Consob established 4.5% as the percentage shareholding required for the submission of lists of candidates.

Each share is entitled to one vote and therefore there are no premium shares or shares with multiple voting rights.

In order to guarantee that the Ordinary and Extraordinary Shareholders' Meetings are run correctly, the Company complies with a specific regulation (the **Regulation**), approved by a resolutions of the Shareholders' Meeting on 28 September 2001, which is available to shareholders at the registered office and on the Company's website:

http://www.be-tse.it/wp-content/uploads/2015/10/Regolamento_Assemblea_2013.pdf.

The right of each shareholder to take the floor on the items under discussion is guaranteed by the following provisions, contained in art. 6 of the Regulation:

- a) those legally entitled to exercise voting rights may request to take the floor on the items under discussion once only, making observations, requesting information and, if necessary, formulating proposals;
- b) the request may be made until such time as the Chairman has declared the discussion on the relevant item on the agenda closed;
- c) the Chairman establishes the manner in which the speaker makes said request, the order of speakers and the maximum amount of time for which they may speak, based on the topic and the importance of the individual items on the agenda;
- d) those who have requested the floor have the right to briefly respond to questions;
- e) based on the topic and on the importance of the individual items under discussion, as well as the number of parties requesting the floor, the Chairman establishes the length of time for which a speaker may speak and for questions in order to guarantee that the Shareholders' Meeting can cover all relevant matters in a single meeting;
- f) before the established length of time for the speech and for questions is over, the Chairman invites the speaker to draw his conclusions.

During the Year no significant changes occurred as regard the market capitalisation of the Issuer's shares, nor in the composition of its corporate structure.

16. Additional corporate governance practices (pursuant to art. 123-bis, paragraph 2, letter a), of the Consolidated Law on Finance)

The Issuer has decided not to apply additional corporate governance practices with respect to those already indicated in the point above and contained in the specific obligations envisaged by the law and/or by regulations.

17. Changes since the end of the year under analysis

No changes have occurred between the end of the Financial Year and the date of this Report, with the exception of that already reported herein.

18. Comments on the letter dated 22 December 2020 of the Chairman of the Corporate Governance Committee

The recommendations made in the letter dated 22 December 2020 of the Chairman of the Corporate Governance Committee were brought to the attention of the Control and Risk Committee at a meeting held on 5 March 2021, the Appointments and Remuneration Committee at a meeting held on 11 March 2021 and the Board of Directors at a meeting held on 22 February 2021, and at said meeting, they were also submitted to the Board of Statutory Auditors within the scope of the same.

The same recommendations were considered at the time of the self-assessment of the Board of Directors with a view to verifying the effectiveness of compliance with the Code and to identify any measures for improvement in the areas in which the Corporate Governance Committee had requested better compliance with the recommendations contained in said Code.

The results of said assessments are illustrated in this Report, also through reference to specific company documents (e.g. Report on Remuneration).
